CONFIDENTIAL WEEKLY
OF THE
COIN MACHINE INDUSTRY

Vol. 7, No. 28
SPRING SPECIAL
MARCH 25, 1946

EVERYBODY WILL SEE IT EVERYWHERE

AMERICA'S
FAVORITE
NICKEL'S WORTH
OF FUN

During 1946, Wurlitzer's national magazine and coast to coast billboard advertising will register close to *two billion impressions* on the American public.

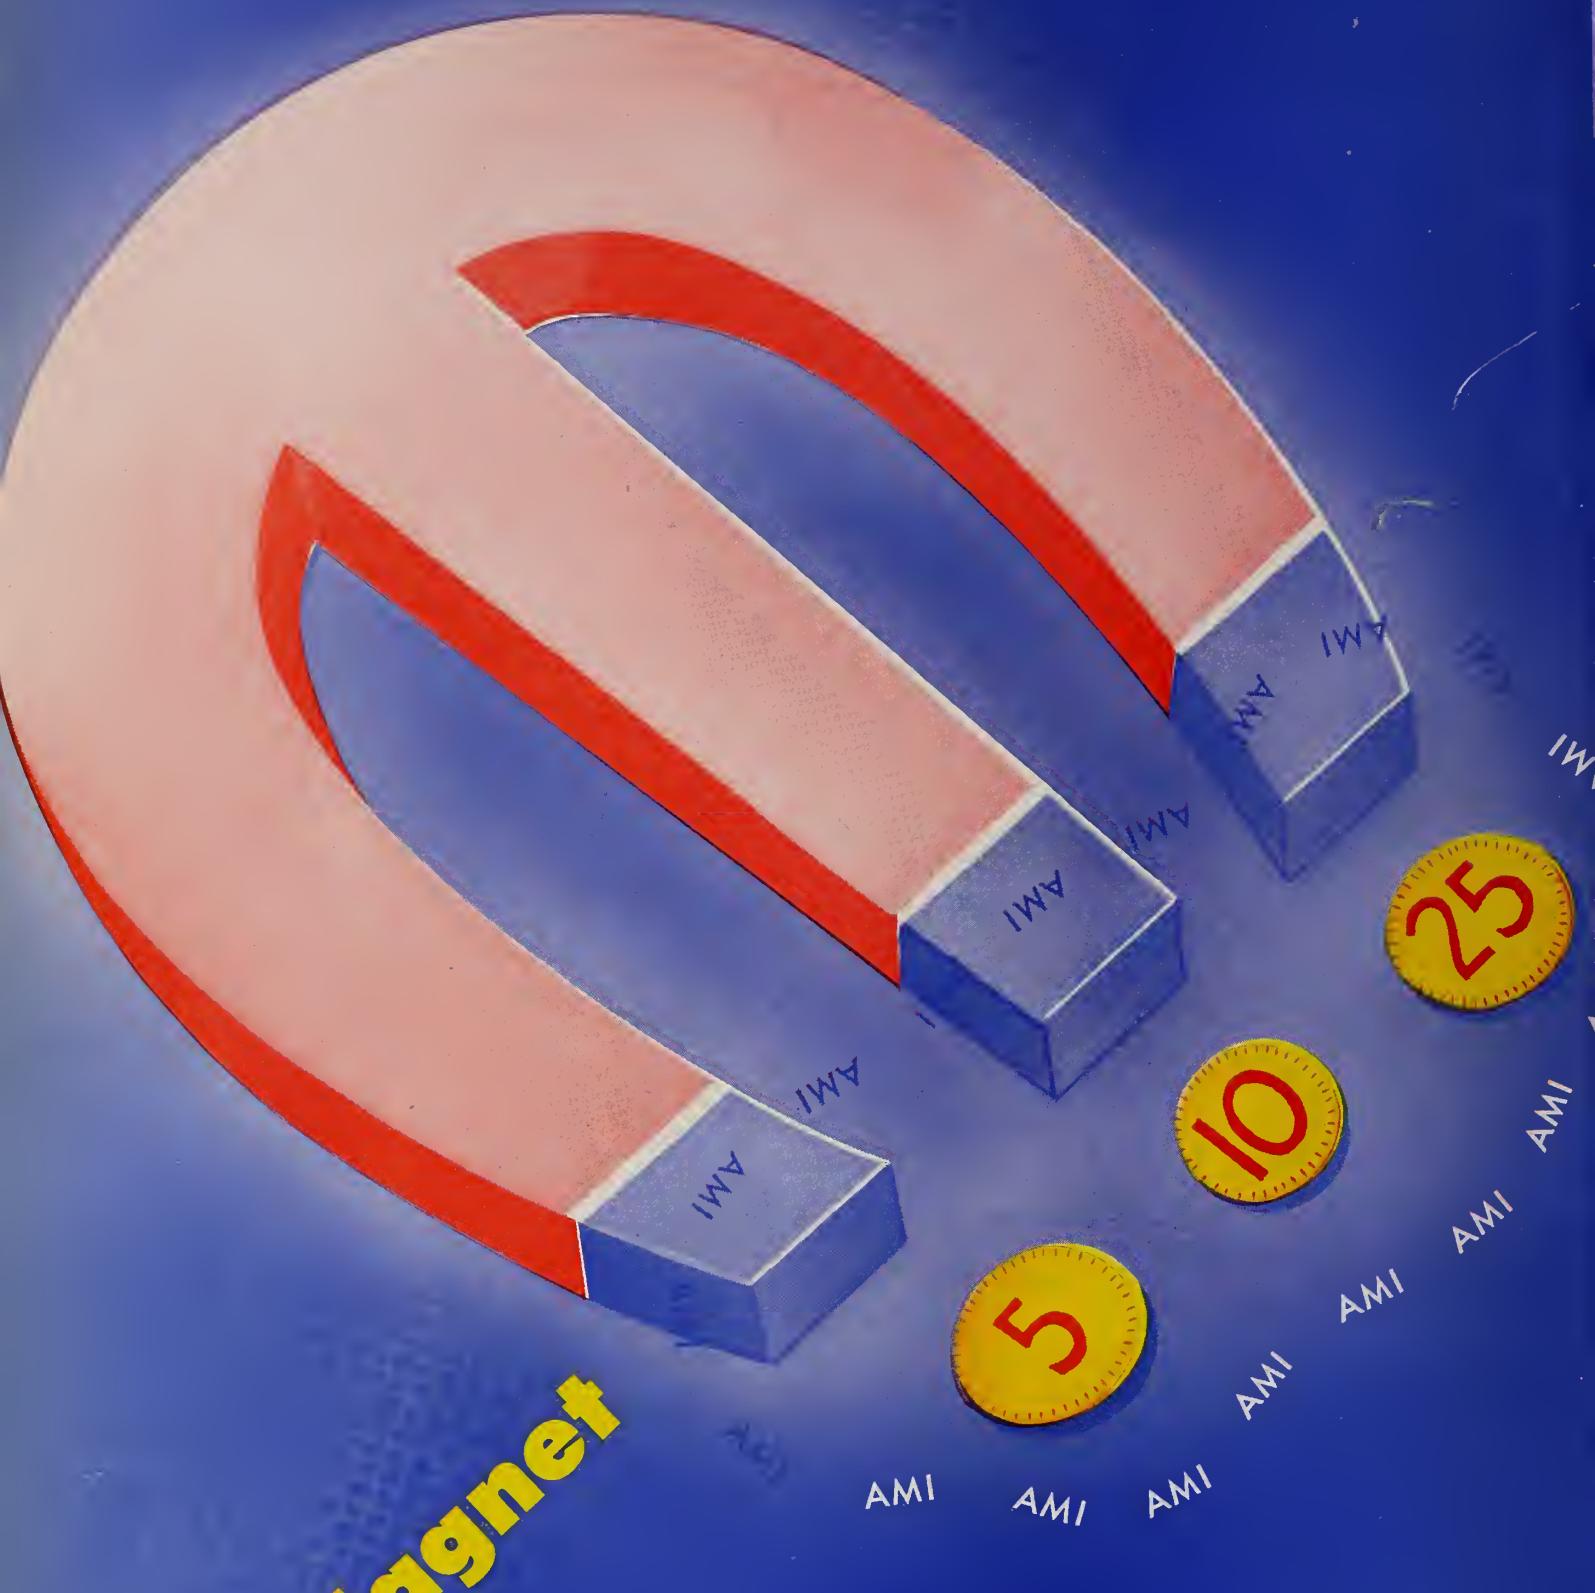

Everybody everywhere will be told over and over again that Wurlitzer Music is "America's Favorite Nickel's Worth of Fun" . . . that you can enjoy Wurlitzer Phonograph Music wherever you see the *Sign of the Musical Note*.

Already there has been a tremendous response. Results will be intensified as time goes on. More and better locations for Wurlitzer Factory-Approved Music Merchants. More and better patronage and profits for Wurlitzer location owners. More and more location owners who will be satisfied with nothing but Wurlitzer Phonograph Music. The Rudolph Wurlitzer* Company, North Tonawanda, New York.

*The Name That Means *Music* to Millions

WATCH WURLITZER EXTEND ITS LEADERSHIP

3-Pole Magnet

The new AMI phonograph is a music lover's picnic ground. A dazzling tableau of forty selections casts an hypnotic spell on every onlooker. Hands instantly reach into pockets and purses feeling for every available nickel, dime and quarter. Metal money was never magnetized quicker than by this irresistible 3-pole magnet! LATINOS AMERICANOS

Publicación de interés para todos los comerciantes y suscriptores latinoamericanos es "THE CASH BOX" la única revista exclusivamente confidencial" de la industria de máquinas automáticas de entretenimiento que funcionan instertándoseles una moneda. — "THE CASH BOX" — 381 Fourth Avenue, New York (16) N. Y., U.S.A.—También tiene oficinas en 32 West Randolph St., Chicago (1) Ill., U.S.A., y en 422 West 11th St., Los Angeles (15) Cal., U.S.A.

Los primeros tres meses de 1946 hallaron a los manufactureros de toda clase de máquinas automáticas de entretenimiento de los Estados Unidos comenzando su primer capítulo de la reconversión de la producción de guerra a la de mercadería de época de paz.

Debido a las huelgas y dificultades del trabajo, así como también a la escasez de material, no se ha podido fabricar todavía una gran cantidad de máquinas automáticas. Pero, gradualmente, están comenzando los manufactureros a entrar en su itinerario y no hay duda de que, dentro de pocos meses, saldrá de las fábricas de producción en serie, un considerable número de máquinas de nuevos tipos.

Muy buena impresión ha causado la introducción de los nuevos fonógrafos automáticos. Los que se han exhibido hasta ahora son excepcionalmente hermosos. Todos ofrecen un servicio de mejor calidad y son, a la vez, de mecanismo más sencillo. Sus características más sobresalientes son las siguientes: Pueden tocar un promedio de 20 a 40 discos, de mejor calidad de tono y de fácil adaptación a toda clase de localidades. Se espera ahora que se inicie pronto una producción en gran escala en el ramo de fonógrafos automáticos.

La Rudolph Wurlitzer Company, No. Tonawanda, N. Y., fué la primera que lanzó al mercado el nuevo fonógrafo automático. Su nueva máquina es generalmente conocida por "Modelo No. 1015." Esta firma ha presentado al mismo tiempo un nuevo equipo de control remoto y también los altoparlantes auxiliares.

La J. P. Seeburg Corp. de Chicago, Ill., ha puesto en venta un nuevo modelo de fonógrafo que llaman "Modelo No. 1-46."

Un modelo nuevo y radicalmente diferente de fonógrafo automático fué presentado al comercio norteamericano por una firma nueva en el ramo. Este es el "Aireon Electronic Phonograph" de la Aireon Manufacturing Corp., Kansas City, Kansas. Este fonógrafo tiene muchas características novedosas. Esta firma ha presentado una nueva línea de equipos de control remoto y de altoparlantes juntamente con su nuevo fonógrafo. Está ofreciendo también un nuevo modelo de fonógrafo que se llamará "Fiesta."

La Rock-Ola Manufacturing Corp., Chicago, Ill., acaba de presentar un nuevo "fonógrafo del mañana," que es conocido oficialmente como "Modelo No. 1422," y ha sido cotizado a un precio excesivamente atractivo.

La semana pasada tuvo lugar una exhibición privada, presentada por una firma de Chicago, Ill., que nunca se había dedicado antes a este negocio, de un fonógrafo enteramente nuevo. Este es el "Challenge 47," de la Challenge Industries y, según se informa, es fonógrafo que toca 30 discos y tiene además otras novedades.

También se presentará este mes el fonógrafo de 40 selecciones, de la Automatic Instrument Co., Chicago, Ill., el que se espera despertará gran interés y atención, ya que esta es una de las firmas más antiguas fabricantes de fonógrafos automáticos de los Estados Unidos.

Otros fonógrafos nuevos serán presentados por la Packard Manufacturing Corp., Indianapolis, Ind., y la Mills Industries, Inc., Chicago, Ill. Todavía no se ha anunciado cuándo aparecerán.

Serán de inmenso interés para nuestros amigos latinoamericanos los nuevos entretenimientos que han aparecido en el mercado hasta la fecha. Entre ellos figuran desde las máquinas automáticas del juego de palitroques hasta los juegos de bolitas, traganquel, juegos de mostrador y muchos otros tipos de máquinas para galerías. (Existe una tendencia definida en los Estados Unidos hacia los equipos más grandes y costosos.)

La Chicago Coin Machine Co., Chicago, Ill., ha introducido una máquina del juego de hockey con el cual pueden jugar dos personas a la vez. Se llama "Goalee" y se ha hecho muy popular.

La Bally Manufacturing Co., de Chicago, Ill., ha presentado un nuevo y diferente tipo de fusil rayo, llamado "Undersea Raider" y es una máquina muy interesante.

La Genco Manufacturing Co., Chicago, Ill., ha fabricado una máquina nueva de deslizamiento, llamada "Total Roll," la que ha llamado mucho la atención.

La firma Amusematic Machine Co., de Chicago, Ill., ha creado un nuevo juego llamado "Lite League" que también ha demostrado ser muy interesante.

La Amusement Enterprises Co., de Nueva York tiene en el ramo de máquinas automáticas, el juego de palitroques "Bank Ball." El "Super Skee Roll" de Mike Munves Corp., New York, N. Y. El "Roll-A-Ball" de Jafco, Inc., New York, N. Y. Todas estas máquinas automáticas del juego de palitroques cuentan con las ideas más nuevas aplicadas en los juegos de movimiento.

En el campo de juegos de bolas, la William Mfg. Co., Chicago, Ill., ha introducido su nuevo juego llamado "Suspense" el cual ha atraído gran atención.

La Bally Manufacturing Co., Chicago, Ill., ha presentado un nuevo juego de bolas que se llama "Surf Queens." (Esta firma ha lanzado también dos nuevos y atractivos juegos de bolas llamados "Victory Derby" y "Victory Special." Ambos juegos ocupan por sí solos un lugar prominente.)

La firma Exhibit Supply Co., Chicago, Ill., ha presentado recientemente un nuevo juego de bolas que se llama "Big Hit."

La United Manufacturing Co., Chicago, Ill., también ha lanzado al mercado una nueva y perfeccionada máquina automática de bolas a la que llaman "Riviera."

Una nueva y completa línea de máquinas traganquel, de O. D. Jennings & Co., Chicago, Ill. ha aparecido en el mercado. Esta incluye "Bronze Chief," "Club Chief" y "Super DeLuxe Club Chief."

La Pace Manufacturing Co., Chicago, Ill., ha lanzado también una nueva y completa línea de máquinas traganquel, entre las cuales hay una para monedas de 50 centavos y otra para un dólar, que han llamado mucho la atención.

La Groetchen Tool Co., Chicago, Ill. ha presentado también su máquina automática traganquel a la que llaman "Columbia" en un nuevo y atractivo modelo.

En cuanto a las máquinas del tipo para galerías, la International Mutoscope Corp. N. Y., ha introducido una línea completa y se está preparando para presentarla con su máquina automática de películas parlantes "Photomatic" que es también la característica principal.

La Exhibit Supply Co., Chicago, Ill., ha anunciado una línea completa de máquinas para galerías y ya ha distribuido una circular referente a algunas de ellas.

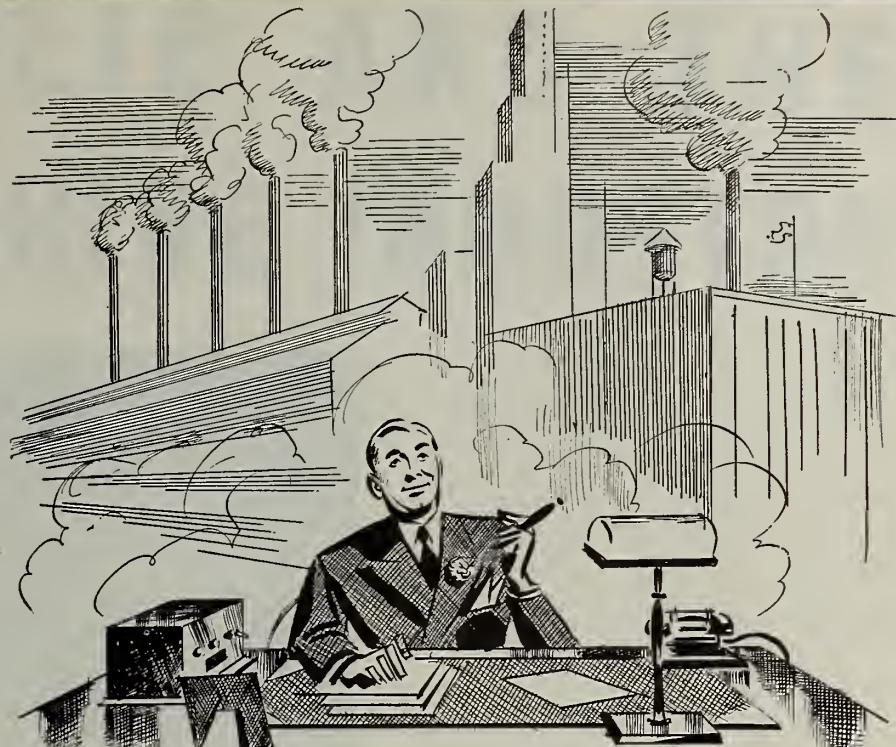

Vale la pena informar ahora, a nuestros numerosos amigos latinoamericanos, que la industria norteamericana de máquinas automáticas tiene gran interés por restablecer su comercio de exportación con los países de la América Latina. Aconsejamos a todos los comerciantes, que deseen adquirir máquinas de entretenimiento y fonógrafos automáticos, se dirijan a los manufactureros de los Estados Unidos quienes necesitan distribuidores en la América Latina para enviarles sus productos. México, Panamá, Cuba y Puerto Rico figuran ya en la lista de nuestros importadores.

Esta es "la única revista semanal exclusivamente confidencial de la industria de máquinas automáticas que funcionan con una moneda, la que esperamos sea de gran utilidad para los comerciantes latinoamericanos. La suscripción de "THE CASH BOX" aparecerá cada semana y será remitida por Correo de Primera Clase, a fin de que llegue rápidamente a la América Latina. Contiene las últimas y más completas informaciones, así como también avisos de todos los principales manufactureros y distribuidores.

(Esta página, impresa en español, y que más tarde aumentaremos con otra en portugués, aparecerá a intervalos regulares y dará una información completa de todos los nuevos productos, conforme éstos vayan apareciendo en el mercado.)

This Industry Hasn't Yet Started

By Bill Gersh

"COINTOONS"

Keen business men who have had the opportunity to become even slightly acquainted with the coin machine trade, especially during the war period, are adamant in their belief that "this industry hasn't yet started."

During the war, when it was necessary for the members of this field to come in contact with officials of the OPA, WPB, WMC and various other federal agencies, the heads of these government agencies were very much surprised at the extent and the tremendous possibilities of the coin machine industry.

Both George P. Toomey, former Head, Consumers Durable Goods Division, Office of Price Administration and Ellis G. Bishop, who followed him into this position stated, after coming in close contact with this industry; that in their estimation, "this business hasn't even yet started."

The majority engaged in this industry have their noses pressed too closely to the trees to be able to see the great forest beyond. This is plausible. Each man in this field is busy with his own little part in it. But as a whole, the field is greatly expanding. It is winning a greater following. Men with great business vision and foresight are entering into it.

Most publicized, so far in this post-war period, has been the automatic merchandising field. Almost every newspaper in the nation has featured the fact that beverage dispensers, frozen food venders, automatic laundries, frankfurter broilers, etc., etc., will soon become a common part of the American scene.

Today automatic music is accepted as a very definite part of the American way of life. The juke box industry, in its many expanding branches, expects to capitalize

on a million locations by 1948. Such tremendous growth is beyond the imagination of the members of any other industry.

In California and Idaho there are now moves afoot to legalize and license slots. In many closed territories there is a belief among coinmen that the public favor the return of coingames, and that a poll taken in these areas will prove this to be the case.

All this is but pointing to the great growth which is bound to come about in this field. It challenges the imagination as to what this industry will look like ten years from today. And this, therefore, makes more than ever plausible the belief that this industry "hasn't yet really started."

THE PUBLIC AND THE COIN MACHINE INDUSTRY

By **GORDON B. MILLS**

Vice President in Charge of Sales, Mills Industries, Inc.

Every enterprise dealing with the public — or any portion of the public — needs good public relations. It needs the understanding, the cooperation, the friendship of the people who provide its income and represent the market to which it sells its merchandise or its services.

Probably no other business group requires an improvement in its public relations more than the coin machine industry. There are two reasons why thoughtful, intelligent, aggressive action is necessary.

In the first place, the coin-machine operator, distributor, and manufacturer for years has been exposed to constant attacks from many directions.

And secondly, the industry itself has thus far done little or nothing to win the friendship of individual groups or the general public.

It has done little, that is, in the direction of a planned campaign to build good will. The pleasure and entertainment our industry provides is certainly its own best advocate. But not enough has been done to capitalize upon the initial good impression created by the amusement devices supplied to the public by coin machine men . . . and that good impression cannot be expected to

stand alone against the onslaught of political and professional busy-bodies.

How can the goal of better public relations for the coin-machine industry be achieved? I do not profess to know all the answers, and I certainly do not believe there is any short-cut formula or quick panacea for a problem of such longstanding as ours. Nevertheless, three things that can be done seem very obvious.

1. Manufacturers must constantly seek new and higher standards of performance for their products. None of us can rest on past laurels, on obsolete designs and principles. The public has been educated to expect revolutionary ideas from industry, and our branch must keep pace with the developments in other fields. Every coin dropped into a coin chute must deliver the ultimate in entertainment and service of which our individual efforts are capable.

2. Each of — operator, distributor, and manufacturer alike — must conduct his business and himself in a manner beyond criticism. Integrity, sanity, and good manners are sound business habits which all of us owe to the in-

dustry and to ourselves.

3. A concerted effort should be made to tell the public of the benefits coin-operated devices provide to them. Whether this effort is an individual one conducted by each company with a stake in the growth and progress of the coin-machine industry, or a collective one by the field as a whole, it must be conducted *on a professional basis and directed by experts in public relations*. Advertising and publicity are powerful and effective only if pointed in the right direction and guided to the mark by men whose experience and skill qualify them to make the most of every opportunity.

Every branch of American business today stands at the crossroads.

The American public has had five years to gain a new perspective and make new evaluations of the contributions bestowed in the past by each manufacturer and service organization in the country.

The right of survival and the opportunity to progress is theirs to determine.

If we want them on our side, we must take the proper steps to deserve and win their friendship.

PUBLIC RELATIONS PROGRAM CAN STOP INDUSTRY ABUSES

Congratulations to all the distributors, jobbers and operators in 45 states who have responded to the call for unity, by joining C.M.I. as associate members.

But what's the delay with the coinmen in the other three states?

While genial Jim Gilmore, Secretary of C.M.I. is swamped with applications from all parts of the country and the response of coinmen generally has been genuinely gratifying, there are nevertheless, a considerable number of operators who either have not heard nor read about the invitation to join C.M.I. or are otherwise indifferent.

To these men, this message is addressed. C.M.I. has great and progressive plans, which it is desirous of putting into effect at the earliest possible moment.

The very first step in these carefully laid plans, is the setting up of a capable and efficient Public Relations Department, whose business it will be to create and carry out a program, calculated to obtain and hold favorable public opinion of our industry.

It will be a Big Job, national in scope, and will ultimately reach into the smallest villages in the country. It will affect YOU, as an operator, very favorably and accordingly warrants and must have, your faithful support.

The forces of intelligently planned publicity will make itself felt and generally serve as a barrier against ill considered and unjust taxation. In many communities, operators of coin machines have been made targets of those whose aim it is to tax them out of business.

A case in point is a certain town in New Jersey, whose officials put a license fee of \$1000.00 to be paid by operators and \$100.00 per location. A total of \$1100.00 tax on each pin game. Other cities are planning to tax equipment to an extent of 10% to 25% of the gross take.

If this sort of thing is permitted to go on without planned resistance, it will be picked up by other cities and sweep the country like a conflagration. All signs point to the urgent and immediate need of unification of the entire industry at full strength.

No useful purpose will be served by circumventing an issue which must inevitably be faced. The power of awakened and informed public opinion is irresistible, a definite fact and of which the Public Relations Dept. will take the fullest advantage.

Many operators have inquired as to the specific function of a Public Relations Dept. First and foremost, a full and complete educational campaign of public enlightenment will be instituted. It will be the job of Public Relations Counsel to foster favorable public opinion and make a coin machine as "American as a hot dog at a big league ball park." Records disclose the overwhelming favor in which coin machines were held by our soldiers and sailors in every theatre of operation, where equipment was available.

Hospitalized servicemen, convales-

By AL. A. SILBERMAN
Executive Vice President
Williams Mfg. Co.

cing from their wounds and illnesses, forgot their pain in a few happy moments of relaxation around a pin game or juke box. The buzzing bumpers and flashing lights of a pin game brought a touch of home. A juke box with Bing Crosby's voice or Harry James' trumpet gave them a short moment of welcome respite.

The morale value of coin machines during the war is an indisputable and therefore proven fact.

Coin machines have been definitely accepted as a form of pleasurable American entertainment by millions of Americans.

Public Relations Counsel will have an abundant supply of rich, juicy and favorable material for public consumption. For example — a nation wide survey could be made for the purpose of listing "typical American habits" in numerical sequence, in the order of their popularity. You wouldn't need a crystal ball to see that the habit of patronage of coin machines of all types would be high on the list.

Our habits are a part of our everyday lives — the little things from which we derive a little harmless pleasure and enjoyment are part of our very existence. The habits of the average American, constitute those things which one likes to do and are largely personal.

Why then, should any one person or group, whether elected or appointed to public office, force upon the majority of citizens such obnoxious ordinances as are calculated to legislate personal habits?

Thousands of returned veterans are employed in the coin machine industry. Thousands more are setting up operations of their own. Where then, is the man who would openly deny them this right? Who, indeed, would wrap himself in such virtue as to set himself up as the sole repository in which rests all that, which is righteous and holy?

And yet, we have a breed of public officials in certain communities who

believe they can enforce regulatory restrictions upon harmless personal habits of others. They live in a narrow sphere of hypocrisy. They wear tight pants and carry umbrellas tied in the middle and want others to think and live according to their mentally cramped standards. They shout from the housetops that coin machines are an instrumentality of the Devil. Somehow, somehow, they manage to get into public office and with characteristic arrogance, try to force their intolerantly narrow way of life upon the citizenry by law.

NO ONE can legislate personal habits in America! Prohibitionists tried it for a while and the world now knows that the "Noble Experiment" brought the most disgraceful and tragic period in our country's history.

High taxes and excessive license fees, levied by spiteful officials, prejudiced against coin machines, are the termites that will gnaw at your profits with their vicious tax teeth until your business structure crumbles and falls.

Wake up operators and enlist your support by helping to furnish the ammunition to C.M.I. and the Public Relations Dept. will go into combat against the intolerant influence, who would deny us one of our basic right — the fundamental right of free enterprise.

How can you afford to miss the opportunity of being a part of this great work? You are certainly interested in the protection and growth of your business and the profits derived therefrom. Unconscionable license fees and taxes certainly affect your business — do they not? Well, then, THIS IS YOUR BUSINESS, TOO!

Remember — you cannot push anyone up a ladder, unless he is willing to climb a little. Public relations will have a terrific job with many complex problems. There should be no need to "sell" anyone in the business the idea of joining C.M.I. as an associate member. The response to the initial invitation should have been prompt and immediate by EVERYBODY in the industry.

Don't sit smugly by on the sidelines, with that confident feeling that your particular territory is immune to adverse legislation. The fallacy of that attitude of false complacency, "It can't happen here" has brought sad disillusionment to many on more than one occasion. Don't be like the guy who goes thru a revolving door on the other fellow's push. Stand up and be publicly counted as a supporter of a Public Relations plan, calculated to make a great industry, greater.

Send your check for \$25.00 attached to your letterhead or business card — TODAY — NOW, to James Gilmore, Sec., C.M.I., 134 No. La Salle St., Chicago, Ill. The time is not far distant when the full realization will be brought directly home to you that your affiliation with C.M.I. as an associate member will be the best investment you have ever made.

1946

YEAR OF OPPORTUNITY

By RAY MOLONEY

President, Bally Manufacturing Company

This present year of 1946 will be remembered in the coin-operated equipment industry as the year of tremendous opportunity. If we fail to grasp our opportunity, the industry will continue to struggle for years against adverse forces. If we seize the opportunities presented to us in 1946, our industry can gain a strong and stable position in the American industrial community.

Our greatest opportunity is the opportunity to win a secure place in the esteem of the American public. The remarkable record of the industry during the war, a record of quick conversion to war production and honor-winning achievements, gives us a dramatic background on which to develop a public relations program which can end forever the petty sniping which has so long hurt our industry. Equally important is the aggressive, self-reliant way in which the industry has re-converted to civilian

production, thus doing our full share to ease the economic shock of the war's end.

We at Bally have unquestioning confidence in the industry's ability to grasp our opportunity and grow great. Our confidence is indicated by our program. Although still struggling with problems of material procurement, we are expanding our facilities and pushing forward an enlarged line of products. We know that eventually all the bottle-necks will be broken. We are not waiting until they are broken to proceed with our program. We are going ahead now and, when greater production is possible, we will be ready to bring to our customers a balanced line of products which in turn offer to operators the greatest opportunity for profitable operations in the history of the industry. We are grasping our opportunity because we do not question for a moment that the industry as a whole will grasp its opportunity.

THE DATE? DECEMBER 31, 1950 A. D.

By JOHN NEISE

Salesmanager, Western Division, O. D. Jennings & Co.

Four golden years of prosperity had passed — years of great achievement in all fields.

In a quiet club celebrating their best of many New Year's Eves were three coin machine men. As was natural with these boys, they started shooting the breeze about business.

Eddie was the first to start reminiscing. "You know," he said, "I've really made a lot of that moola these last four years. It got so good I was able to let some of my salesmen go and take orders by phone. Boy, oh boy, I remember in '46 and '47 I was telling my customers just what they could buy, and if they didn't like it — well, I always had plenty of customers. My business has hardly cost me a cent over outright operating expenses."

"I don't know, Eddie," said Maxie shaking his head, "You're going to pay for not milking that territory of yours better. Personally," continued Max, "I went all out. Every club, location or operator that got to me first with that green stuff got his machines. Then my boys went out and really pushed our line. We didn't sell service or take the time to get each spot set up right, but I can pick

that up after the rush. You know the operators were crying a little, but what the heck, I couldn't police my whole layout."

Jack was looking from one to the other. He shook his head sadly. "You boys really did all right, but my kid could have done all right these last four years. But now what? I've done the best business of my life, and yet there isn't one customer of mine that hasn't had personal service. I stocked repair parts, advertised, circularized and called in person on every town and hamlet in my territory. Why," he asked, "do you think I did this? Because I'm looking ahead to these next ten years. This thing won't last forever and I'm ready to reap the reward of giving customers, whether they bought one or two hundred pieces of equipment, every possible consideration."

All three of the boys fell silent. Thoughts and ideas were flitting through each of their minds. To Eddie and Max, a slight feeling of annoyance and foreboding was taking hold.

Had they killed the golden goose?

What do you think?

TAVERNS CLOSING FORCES NEED FOR 70%-30% COMMISH BASIS NOW

**Brewers Predict Beer Shortage Will Close Taverns
Most of Week. Juke Box Ops Urged to Adopt More
Lucrative Commission Basis Immediately to Off-
set Loss. Leaders Ask that Juke Box Ops Assns
Act Now to Get New Commish Basis Started.**

NEW YORK—With tremendous financial loss facing the juke box industry due to closing of taverns everywhere in the country the major portion of each week, as predicted by the nation's leading brewers, leaders in the trade have appealed to *The Cash Box* to urge juke box ops and their associations to adopt the urgent suggestion which *The Cash Box* has been making for more than three years now and instantly arrange for a 70%-30% commission basis.

One noted juke box leader writes, "If ever the juke box trade should adopt the suggestion which your publication has been hammering home at it for so long — it should do so now. There is no doubt that the loss to this industry will be terrific. We are already faced with many taverns running short of beer by Tuesday and Wednesday of each week, even tho the owners are trying their best to hold sales down to their own customers."

"This has been reflected in collections from our juke boxes this past week. We found a drop of better than 15 per cent, and from all indications, we expect that this will go down much lower for some of the tavern locations we have already advised us that they are actually going to close up the balance of the week as soon as they have sold their beer quota.

It is also well for all to remember that these aren't yet the hot months when beer is at a premium.

"We feel certain that we can get 70 per cent commission from our locations if all the other operators in our area will agree to do the same. The tavern owners realize that our expenses continue on regardless of whether they are closed or open. We have discussed this with them. In fact, some of the spots we've approached did not hesitate to go along with us and admitted that under these conditions we should get 70 per cent of the gross intake."

This letter speaks for itself. It is clean. It is fluent. It tells a story which no juke box operator in the country will deny — nor can he argue against, especially under prevailing conditions.

Tho the juke box trade went thru a few bad summers when beer was hard to obtain. *The Cash Box* did not appeal for a 70%-30% commission basis to come into effect because of this reason. Instead, this publication definitely pointed out that the industry was faced with a tremendously increased overhead and that the price of the new phonos had also gone up to a point where, instead of the usual 12 months to 18 months amortization period formerly required, there was now a 24 months or longer

period for amortizing necessary.

Furthermore, with all indications that there is already an inflationary cost era under way it was most necessary for all juke box operators to get into action at this time to bring about a higher collection income to offset the loss whch was sure to become their lot, unless they acted fast. And *The Cash Box* suggested that the juke box trade immediately adopt a 70%-30% commission basis to offset any possible loss due to increased cost of materials, supplies, parts and general overhead as well as the higher price of the phonos themselves.

There are now some juke box ops who are recommending that the phono get 10c per play, 3 tunes for 25c, against the former 5c per play and thereby the trade will be able to continue on without "disturbing the location owners" and asking them to cut the 50%-50% commission basis now in use thruout the nation.

It is up to the juke box ops and their associations to act quick in this beer emergency. They must adopt a better commission basis for the operator to survive. They must start off with the 70% to the operators, 30% to the location owner commission basis right now. And continue it so that the trade will enjoy prosperity and be assured of a sound financial future.

REVIEW

By

DAVE QUIRK

RECORD REVIEW EDITOR

OF

"THE CASH BOX"

Atlanta, G.A.

Aren't You Glad You're You?

Shep Fields and His Ork.
(Vogue 712)

• The "picture record" Vogue has been talking about for months finally has made its appearance and it's a perfect job in looks and technical accomplishment. Vogue picked a good crew in the Shep Fields aggregation to introduce the trick disk of plastic and then doubly insured it with a coupling of two sock numbers, "Atlanta G.A." and "Aren't You Glad." The Fields boys do a splendid musical job on both and the disk itself is noticeable for the improvement in tone it gives recordings. Vogue didn't have to put that Retty Girl, or whatever she is, in the colored picture layout, although we'll admit she adds gaiety to the gay looks of the disk.

Nobody's Sweetheart

Body and Soul

Johnny Guarnieri, Cosy Cole,
Bob Haggart
(Majestic 1032)

• A trio of hot jazz artists, Johnny Guarnieri, Cosy Cole and Bob Haggart, are featured on this waxing of two all-time hits, "Nobody's Sweetheart" and "Body and Soul." The boys go to town on "Sweetheart" in typical fast jazz tempo in spots but switch to draggy improvisations on the flipover, "Body and Soul" to complete a job that will do double business wherever jazz lovers gather. Their subdued handling of both sides is a great ad for hot jazz.

Give Me A Little Kiss

Where Did You Learn To Love?

Louis Prima
(Majestic 712)

• Here's one of the top bands of the country in a display of versatility that should pay off in the cash boxes. Louis Prima and his boys do a nice bit of playing of "Give Me a Little Kiss," with Prima handling the vocal in his own peculiar style. On "Where Did You Learn to Love," Jack Powers does the singing. Both sides are good Prima and sure-shots for the Prima fans all over the country.

Groovy
Drifting BluesJohnny Moore's Three Blazers
(Philo 112)

• A good instrumental trio does a nice job of a fast number, "Groovy," and then slows down in pleasing fashion to give a good rendition of a slow tune, "Drifting Blues." This

SLEEPER OF THE WEEK

Drink Hearty

Henry "Red" Allen

and His Ork.

(Victor 20-1813)

• Two weeks after this waxing of "Drink Hearty" hits the nation's juke boxes, that's all you'll be hearing no matter where you go—either the record itself or reference to it in greetings between people. It's that kind of thing, a catch-word phrase and everybody'll be using it. To spur it on, this recording by Henry "Red" Allen will play a big part for "Red" has done a swell job with it. Aided by a vocal group, Allen gets all the zip out of it. The lyrics are its big selling point. It's all about table hoppers or drink moochers with a bit of advice thrown to them to stay with their own party and stop mugging into other gatherings. Such a universally topical and humorous subject should get plenty of play in the boxes everywhere. The backing is a hot jazz number, "The Crawl."

second side has an added feature in a vocal by Charles Brown, whose voice and style remind you of King Cole. It's a good disk for most all spots.

Stardust

My Love Comes Tumbling

McGhee and Feather
(Philo 115)

• Howard McGhee and his band, with McGhee's trumpet featured, do a satisfactory job on this old Hoagy Carmichael monument, "Stardust." As we are of the school that believes that any, almost any, waxing of this wonderful number, will go over no matter how it's played — straight, trickily arranged or jazzily improvised—we will go along with this record, for the McGhee boys do alright by it. The flipover is "My Love Comes Tumbling," played by Leonard Feather and his crew of jazz artists. It's a fair to middlin' recording, but "Stardust" will do the business.

What's This?

Wondering and Thinking of You
Illinois Jacquet and His All Stars
(Apollo 758)

• You've heard of tunes that are good to drink to, dance to, make love to and walk to, but now we'll give you one that's good to—bowl to. It's "What's This?" and the little gal next door tells us that it's a good waxing but especially good to bowl to. She should know as she's quite a bowler. Illinois Jacquet and his boys give the number all they've got, which is plenty. The other side, "Wondering," is a slow blues with tricky, very tricky instrumental background. Russell Jacquet does the vocal well, but it's the tricky arrangement that catches our fancy.

Here Am I, Do Lord Send Me

Shady Green Pastures
Georgia Peach
and the Harmonaires
(Apollo 103)

• What the play of spirituals in the juke boxes is we have no idea, but we do know that over the radio it's quite a feature. For that reason, and on the possibility that many box operators go in for this type of number, we're tipping off a disk of "Here Am I" and "Shady Green Pastures." A good vocal group, the Harmonaires, does these two numbers in typical spiritual style and there isn't much to find fault with. The voices are fine and the soloist, billed as Georgia Peach, doesn't have to bow to many singers of this category.

It's All Over

Amateur Night in Harlem
Tab Smith Ork.
(Apollo 369)

• "It's All Over" is done in nice style by Tab Smith's crew, with Willie Bryant, one of Harlem's favorite sons, and Taft Jordan, doing right smart with the vocal. But the other side, as far as we're concerned, is just an ad for the Apollo Theatre, with names of stars galore tossed into the lyrics without much rhyme or reason. And musically, it's just average. However, it may go in Harlem because of the local appeal.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

MEANS PRICE
WENT UP.

MEANS PRICE
WENT DOWN.

MEANS MACHINE JUST ADDED
TO LIST.

MEANS PRICES WENT UP AND DO /N
DURING THE PAST WEEK.

MEANS PRICES REMAINED SAME AS
IN LAST PRICE LISTS.

MEANS NO PRICES QUOTED FOR PAST
TWO WEEKS.

MEANS NO PRICES QUOTED FOR PAST
THREE WEEKS.

MEANS NO PRICES QUOTED FOR
MANY WEEKS — PRICE SHOWN IS
LAST KNOWN QUOTATION.

booth hear music with
the new

Measured Music

Yes, that's right! This system is not a loud irritating type of operation that is heard by EVERYONE in the location when any ONE person inserts a coin.

Think of the many advantages of this system to a location owner who wants the revenue from a coin-operated system and yet wants to avoid endangering loss of trade by patrons who would be disturbed by loud music.

MILLS USES NAT'L BUSINESS MAGS FOR AD CAMPAIGN ON VENDERS

CHICAGO — Mills Industries, Inc., this city, are featuring an advertising campaign directed to the attention of the nation's leading industrialists thru the following noted business magazines: Nation's Business, United States News, Printer's Ink, Sales Management, Advertising & Selling and Industrial Marketing.

The advertisements themselves are unusually attractive and are printed in full colors. They feature the fact that this is the time for the average business man to arrange to sell his merchandise thru coin operated vending machines.

Gordon B. Mills, vice-president in charge of sales for Mills Industries, Inc., states in regard to this advertising campaign which his firm is conducting, "While this advertising series is designed primarily to promote the use of vending machines manufactured by Mills Industries, Inc., its tone and quality is such that the entire coin machine industry cannot help but benefit from it. We have already received a number of commendations on this campaign from leaders in the coin machine field.

"The publications being used," Mills stated, "were especially chosen to reach the most influential business men in the country."

BING CROSBY TO SEE AMI AT WOLF'S SHOW

LOS ANGELES, CAL. — Bill Wolf of M. S. Wolf Distributing Company, this city, reports that some of the biggest names in the radio, theatre and record worlds will attend his three premieres of the new AMI phonograph.

The one and only Bing Crosby is going to be there; he is a long time friend of Bill. Music operators will have a once-in-a-lifetime opportunity to meet and see this top ranking favorite among juke box players.

Those who have already signified their intention of being on hand for the big doings include movie star Ben Blue, Ella Logan, movie, radio and theatrical entertainer; Tex Atchison and His Santa Fe Boys, Victory Recording artists; Monte Hale, Republic's newest singing cowboy; Billy Austin, who wrote the famous song "Is You Is, Or Is You Ain't My Baby" and others.

SEATTLE PAPER BLASTS VET VENDER DEALS

Better Business Bureau Warns Vets to Beware of All Vending Machine Deals. Many Investors Complained.

SEATTLE, WASH. — This city's Seattle Times broke loose with a headline story which is rocking the foundations of all legitimate vending machine firms here.

The item, written by Alice Staples, is one of the worst which has ever been directed at the vending machine industry and unless the NAMA and all others in this division of the field take immediate action, there is no doubt that venders will lose much prestige thruout this area.

The article reads in part, "Vending machines, those automatic salesmen which hand out cigareetes, gum, candy or peanuts at a twist of the wrist, are causing plenty of headaches nowadays for both veterans and non-veterans here who have invested money in machines.

"Many men have invested their savings in machines," the article continues, "after listening to flowery sales talks. But, in numerous cases reported to the Better Business Bureau, the veteran finally reads the fine print in the contract and finds it falls far short of the oral promises.

"Usually there is no recourse. The buyer has signed a legal contract.

The salesman who painted a bright picture of prospective profits is not involved. The signature the contract carries is that of the regional or local manager, who promised nothing."

The article then goes on to tell of one man who gave an \$850 deposit on the understanding that he was to get 100 machines. Instead, after reading his contract, he found he was to get only 50 machines.

He also thought that he had invested in an "established vending machine route which would net \$65 a week and require 12 hours to service." The result was that there was no such route and he was to set the machines.

The article then goes on to tell of other veterans and non-veterans who were also milked by these high

pressure vending machine salesmen.

In general, it is one of the hardest hitting articles against investing in coin operated vending machines which has ever yet appeared in any newspaper.

This is definitely a job for the NAMA and every vending machine manufacturer to once and for all time acquaint all the nation's Better Business Bureaus that these Bureaus can check with them when any salesman starts such sales.

LAYMONS SHOW FUTURE QUARTERS

LOS ANGELES, CAL. — Paul and Lucille Laymon, of the Paul A. Laymon Company, coin machine distributors, are preparing to break ground for their new building to be located at the corner of Pico and Berendo, in the heart of this city's Coin Row.

The interior of the new building will be furnished in a modernistic vein, and will include unusual layouts of equipment and fixtures. Both Paul and Lucille are well known here for their skill with interior decoration and design, and their future quarters are expected to reflect these talents.

Artist's drawing of the Paul A. Laymon Building, soon to be erected.

WALBOX SALES ADD TO SALES FORCE

DALLAS, TEX. — Two new department heads have been appointed to the Walbox Sales Co., this city, it was recently announced by George Wrenn, general sales manager for the firm.

The two are James L. Dorworth, who will serve as assistant to Wrenn, and Robert Tuthill, who will take over as foreman in charge of the entire shop and shipping department.

"Dorworth comes to the company with years of sales and managerial experience behind him," an official for the firm said, "while Tuthill, though young in years, comes to Walbox thoroughly acquainted with all problems of the service end of the business."

Collis P. Erby and George Wrenn extend an invitation to all operators

and distributors to come in and meet both these new department heads.

With James L. Dorworth (seated left) as he dictates his first sales announcement, are Miss Ava Nell Priddy, sales

manager, and Robert Tuthill, newly appointed foreman.

**Navarro Officially
Opens New Offices
With Aireon Showing**

LOS ANGELES, CALIF. — Frank B. Navarro, one of the best known juke box coinmen in the country, officially opened his impressive new showrooms here with the showing of the new Aireon Electronic Phonograph, he reports.

One of the first deals to greet Frank on the opening of his showrooms was that with Louis Velasco of Sonora, Mexico.

He reports, "Not only did our new showrooms meet with great commendation from all who attended our official showing of the Aireon Electronic Phonograph but the way the juke box men went all out for this Aireon line was something which I have never, in all my years in the music machine business, yet experienced."

Frank also reported that the firm are planning many new innovations in service and sales features for the trade. He is now preparing an elaborate program to help all juke box ops thruout his territory.

He also said, "We are going to give everyone of the men who call on our firm the value of our many years experience in the music machine field. In addition we have factory trained mechanics who will work right with them, on location if necessary, to help them to greater profits."

Top picture: Left to right: Frank B. Navarro closing deal with Louis Velasco of Sonora, Mexico. Velasco is reported to have made one of the best deals in his history. Bottom pic: Left to right: F. Ferrer, Frank B. Navarro and A. Gill who will handle all business for the firm on Aireon line.

LONG PULL YEARS AHEAD WILL RESULT IN A BETTER INDUSTRY

By **GEORGE M. DICK**
Executive Vice President, Coin Machine Acceptance Corp.

As our nation looks forward to its first peaceful spring since 1941, the Coin Machine Industry may well look back with pardonable pride on its accomplishments during the dark war years.

The war production record of the manufacturers of this industry is second to none.

Entirely aside from that, however, is the record of the distributors and operators who provided entertainment for millions of G.I.'s and tens of millions on the home front.

This entertainment was provided at the same old price which prevailed for many years before the war and it is impossible to measure its morale-building value but it is a certainty that our form of entertainment reached more people than any other.

In this spring of 1946, the Coin Machine Industry looks ahead with renewed vigor and high hopes.

The labor situation has cleared to a great extent, materials are becoming more plentiful and the demand for equipment is unprecedented.

Predictions are being made that business will be good for anywhere from one to five years.

Great progress has been made in raising the standard of the industry and these efforts must continue.

All is not peaches and cream, however. The industry is faced with rising costs, shortages of labor and equipment and in some localities, senseless competitive practices.

The tax picture is not a bright one. Not many days pass in which we do not hear that some municipality or county is endeavoring to place a prohibitive tax on coin-operated equipment.

These problems are not insurmountable and I believe that the favorable features going ahead, far outweigh the unfavorable.

Never has there been such a demand for the products of this industry and new equipment will soon be available in increasing volume.

New blood has come into the industry in manufacturing, distributing and operating. Good, clean competition has made American industry the greatest in the world and insofar as our industry is concerned, it should be welcomed. Competition of the wrong kind will soon eliminate itself.

The days ahead will tax the ingenuity of every manufacturer, distributor and operator but for the long pull, that can result only in a better Coin Machine Industry for all.

FROM PLANE TO SHOW IN NEW RECORD TIME PERES CLAIMS

NEW ORLEANS, LA. — Jules H. Peres of the J. H. Peres Distributing Co., this city, claims that the firm set a new record for showing of the Aireon Electronic Phonograph.

Peres states, "We received the first sample by plane at 4:30 A.M. Saturday morning and before you could count the hours away we had one of the biggest crowds in all New Orleans' history in our showrooms looking over the machine."

As the top picture at the right shows: Pete Rigdon, Aireon Regional Manager with N. Charles Wicker and Frederick Fischer, serviceman, and J. H. Peres (himself) on the right.

The bottom picture shows what the firm's showrooms looked like when the phonograph was unveiled before a large crowd and all wanted to get into this picture.

Reading from left to right in this bottom picture are: N. Charles Wicker, Marion Puchot, George Brennan, Webb Robinson, Julie P. Wicker, J. H. Peres, Mrs. J. H. Peres, Fabien Puchot, Mrs. Rudy Greenbaum, Ralph Rigdon, Mrs. Art Welch, Mrs. Webb Robinson and Pete Rigdon.

According to Peres, "This was one of the most hectic times of my life in this business to get the Aireon Electronic Phonograph on the floor and ready for one of the grandest showings we have ever held. All we want now is to promise every operator in our territory the finest ser-

vice and cooperation they have ever yet received."

O. C. Marshall and Henry Fox,

other members of the firm, were also present at this showing and report it to be the "best we've ever yet seen."

RUNS 800 PHONO ROUTE

STOCKTON, CALIF. — Jack Daly, district manager for E. T. Mape, is reported to be one of the best music machine operators in the business.

Daly is running over 800 machines in his territory and uses 16 men to help him with this route.

In view of the fact that operations are continuing to grow larger everywhere in the nation it is interesting to note at this time that Jack Daly is continuing to give just as fine service to everyone of his locations as he did pre-war and does it with an absolute minimum of manpower.

"That's what efficiency of operation can do," Daly reported, "and we believe that every music operator knows that today efficiency is the most important thing he can learn."

JACK DALY

Conducts 800 Music Machine Route

**FULL WEEK SHOWING
OF AMI BY RUNYON**

NEW YORK—A full week's showing of the new AMI phonograph will be held for all New York, New Jersey, and Connecticut music operators, it was announced by Barney (Shugy) Sugerman of Runyon Sales Company, AMI distributors in this city.

Beginning on March 27 and continuing to April 5, the Runyon company will be host to ops from the above mentioned states with a display of the new machines at their showrooms, 593 Tenth Avenue.

Barney (Shugy) Sugerman, Abe Green and Mike Munves, firm heads, and their managers, Bernie Wolfson, Jack Mitnick and Herman Perin will be on hand to greet all their friends from the three states.

Happel Names New Parts Dept. Head

LOS ANGELES—Wm. R. Happel, Jr. has announced the appointment of Jack Leonard as General Manager of the Parts Division for the Badger Sales Co. of this city.

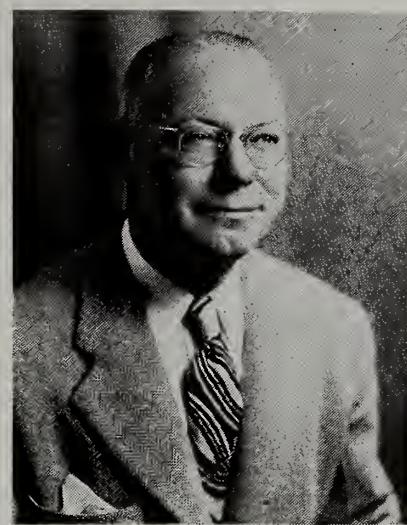

"This business is growing by leaps and bounds," commented Happel, "and I look for a tremendous boom in the entire industry with manufacturing reconversion problems out of the way. This growth demands that those of us directing the sales activities of an enlarged and greatly expanded industry surround ourselves with departmental specialists — men who, by virtue of their own initiative and administrative talents, can formulate and direct the activities of their own particular department."

"In this way," continued Happel, "those operators who have come to depend upon us for assistance and advice can be assured of receiving even more help in the future from experts in every phase of the business."

Leonard is well known to operators and distributors throughout the country by his former association as Service Manager for the Rock-Ola Manufacturing Corporation — a position which he held for many years — and, more recently, Assistant Sales Manager for Superior Products.

Badger's greatly expanded Parts Department, which will include many new lines, will be housed in the recently completed new building located at 1800 West Pico Blvd., in the heart of "Coin Machine Row."

SCHLICHT SAYS MUSIC BIZ GOING AHEAD

CHARLES SCHLICHT

CHICAGO — Charley Schlicht, well known to all coinmen and who now heads the Music Division of Mills Industries, Inc., reports that "The music business has nothing to fear in the future."

In a speech which Charley made at the Detroit phonograph owners association, he said, "Tho some branches of the coin machine business have deteriorated, the music machine business has nothing to fear. Much credit for this is due to the associations in the music field which have helped continue the business to a high plane."

Schlicht also reported that tho he was a "newcomer to the music business" he was not "a newcomer to the coin machine business."

He has been connected with Mills

Novelty Company for many years and is well known to all coinmen.

He has traveled far and wide throughout the nation contacting coinmen and knows their problems.

LIQUOR MAG WRITES AGAINST CHICAGO'S \$50 JUKE BOX TAX

CHICAGO—Devoting a full page to an article entitled, "The Tuneful Juke Box," the "National Liquor Review," well known liquor industry magazine, in its February, 1946 issue, took contest with Chicago's city hall and the \$50 license fee placed on juke boxes by Chicago's politicos. The article follows.

"Automatic vending machines have gained a secure place in our domestic economy in the last dozen years. Their scope has continually been expanded. Now we have the Automatic Canteen and the Automat, although these have not yet to a large extent, invaded the mid-western territory.

"Over 19,000 retail licensees in Illinois make a living out of the retailing of liquor. If the figures for Chicago hold good throughout the state, about eighty percent are taverns. Almost every tavern has a juke box. They range in cost from two hundred and fifty to twelve hundred dollars.

"The Chicago City Council, looking with greedy eyes upon so large a potential source of revenue, passed an ordinance requiring a license fee of fifty dollars for every juke box. Theoretically at least this was to be paid by the owners of the machines. This far exceeds the impost upon juke boxes in other places, which runs from five to fifteen dollars. A court fight followed. Case finally went to the Supreme Court. That august body threw the license system out of the window. It gave as its opinion that the fee was excess-

sive and the ordinance mixed up the exercise of police power with the licensing function.

"The city did not give up. It passed another ordinance, taxing each juke box \$50. Again this is to be paid by the owners of the machines who will, of course, pass on the cost to the tavern operator. Juke boxes are also in thousands of restaurants and other business places.

"This proposal has not found favor with the restaurant owners, the bartenders, or the tavern licensees. There is also a strong union in the picture. However, thus far no attempt has been made to invalidate the tax. It probably will hold. Another fruitful source of revenue has been added to the insatiable demand of municipal government for money to carry on its manifold activities.

"This is all in line with the times. The cabaret tax was amended downward when it was seen that it was more than the traffic would bear. There have been no signs that the nickel will hereafter be insufficient to call forth a tune in the average juke.

"The liquor retailer has done well, and will continue to do so, from present indications. OPA helped greatly in stabilizing prices and also stabilizing profits. It is natural for all of us to kick about taxes now that the war is over but "the show must go on" and the tremendous increase in government services has justified the cost."

S. CAROLINA PRESS URGES PUBLIC TO WATCH NEW COIN MACHINE TAX BILL

LAURENS, S. C.—This town's newspaper, the "Advertiser," is urging the public to watch a new state tax bill introduced, "By the ways and means committee, to turn over to counties and municipalities revenue from coin operated machine license fees which has yielded the state, thru tax commission collection, about \$95,000 a year."

In this editorial the Advertiser points out that, "how prohibitionists put themselves at a disadvantage by allowing the proceeds from liquor taxes to be earmarked for special purpose rather than being turned into the general fund."

The Advertiser claims, "The above bill might have a similar effect tho in reverse form. This would take money out of the general fund rather than put money into it, but it could have an important effect on the increase of gambling slot machines."

The Advertiser is willing to admit tho that, "All coin operated machines are not slot machines, but some of them are."

What seems to be uppermost in importance to the Advertiser is, "So long as money from such machines go 'out of town' or 'out of the county,' as the case may be, public sentiment will be strongly behind peace

officers in the enforcement of the law. But, where the money 'stays at home' and is frequently needed to avoid 'raising the levy' that sentiment is not likely to be as strong. The moral is obvious."

The Advertiser also editorializes as a wind-up to its item, "This evidence of generosity on the part of the ways and means committee is no doubt appreciated by the hard-pressed counties and municipalities, but our judgment is that it might be better if they would give us something else."

NO LICENSES SO COPS GRAB FOUR SCALES

FREDERICKSBURG, VA.—Because four scales did not have the 1946 licenses attached to them, local police grabbed them on the request of Commissioner of Revenue Chester B. Goolrick who said that the owner of the scales was "an out of town slot machine operator." Goolrick also claimed the owner had not replied to notices reminding about licenses.

Scales are now stored in the basement of the city hall here and will only be released when license fees, storage and hauling costs are paid.

FATHER & SON TEAM CLICK IN COIN BIZ

HARRY JACOBS

Senior & Junior

MILWAUKEE, WIS.—Harry Jacobs, senior and junior, of the United Coin Machine Company, this city, one of the few father and son distributorship combinations in the industry, are reported to be enlarging their steadily booming business.

Both father and son are expected to make some important announcements to the trade very soon in connection with the new equipment the firm will handle.

What makes this combination more unusual than others is the fact that Harry, Jr. has been with the coin machine industry for a longer period of time than his Dad, giving a modern twist to the proverb, "Like father like son."

U. S. STAMP VEND. OPERATION GETS SLAM BY PRESS

HAWTHORNE, N. J. — The News Record, leading newspaper here, took a verbal poke at the United States Post Office Department recently, when their editorial columns spoke out with the statement that although a public official had announced that the government is planning on installing stamp vending machines in post offices, "the customers should not be disappointed if they do not appear overnight."

Then the editorial went on to crack: "The post office department is a government monopoly rendering a vital service. It is efficient, but unprogressive. It has no competitor—or stamp vending machines would have been installed twenty years ago."

In a recent issue of *The Cash Box* (Week of March 11, 1946), it was reported that the federal government proposes to spend \$1,500,000 during the next fiscal year on coin operated equipment. This would be used to purchase 2,000 stamp vend-

ing units and 350 coin-operated postage meter machines (Mailomats). Installation of the equipment, it was stated, is scheduled to begin on July 1, 1946.

LATIN AMERICA AWAKENS TO COIN MACHINES

This Issue Going to Coinmen in 23 Latin American Countries

NEW YORK — Featuring a complete review of the first three months of 1946 printed entirely in Spanish, this issue of *The Cash Box* is now on its way to 23 Latin America countries to tell them all about the new, post-war coin machine industry.

Many of these Latin American coinmen are already subscribers to *The Cash Box* and have urged that this publication arrange for full coverage of all the Latin American coin machine markets by printing special reports in Spanish and in Portuguese.

Coinmen in the following Latin American countries will receive this issue of *The Cash Box*:

- Argentina*
- Bolivia*
- Brazil*
- Chile*
- Colombia*
- Costa Rica*
- Cuba*
- Dominican Republic*
- Ecuador*
- Guatemala*
- Haiti*
- Honduras*
- Jamaica*
- Mexico*
- Nicaragua*
- Panama*
- Paraguay*
- Peru*
- Puerto Rico*
- Salvador*
- Uruguay*
- Venezuela*
- West Indies*

The Cash Box is firmly convinced that the Latin American countries will become one of the most outstanding export markets for coin operated machines of all types. Business men in these countries have already indicated more interest in coin machines since the end of the war, than ever before in their history.

SPRINGFIELD CHIEF OKAYS PIN GAMES

SPRINGFIELD, MASS. — Regardless of the fact that Mayor Charles F. Sullivan of Worcester, Mass. has refused to license pin games and Police Chief Thomas F. Foley of the same city, therefore, put a ban on all the pinballs, Police Chief Raymond P. Gallagher of this city reported there will be no ban on the machines which are licensed here.

Mayor Sullivan of Worcester claimed that the machines offered inducement to gambling among the younger set.

Chief Gallagher stated that police only interfere with the owners of pin games when there is a "pay off" on the scores made on the machines.

YARAS OPENS OFFICE IN MINERAL WELLS

MINERAL WELLS, TEX. — Sam Yaras of Southwest Amusement Co., Dallas, has just opened an office here with Allen Wallace as manager.

The local newspaper in this town immediately picked up the story and reported, "Mineral Wells has been designated as the location for a branch office for the Southwest Amusement Co. and this is being announced in a series of page advertisements being carried in some

CGIGIE MACHINES STAR AT TOBACCO CONVENTION

NEW YORK — Coin operated cigarette machines were in the limelight as the National Association of Tobacco Distributors held a four day Eastern convention this past week at the Hotel Pennsylvania, this city.

Capturing widest attention among all the array of attractive products displayed were the shiny new 1946 models of the cigarette machine manufacturing organizations of the country. The equipment and drawings of equipment still to reach the market were exhibited from display booths continually surrounded by people.

The exhibiting firms and their convention representatives follow.

Rowe Manufacturing Company, George Seedman. U-Need-A Vendors, J. Breidt, Les Paul, Al Price, Ben Becker, Eddie Corriston and Bill Blumenthal. Eastern Electric Vending Machine Corporation, Hal Meeks. Arthur H. DuGrenier, Burnhard "Bip" Glassgold and Julius A. Levy. National Vendors, Inc., Lou Cantor and Al Horth.

PREDICTS RISE IN CIG PRICE

NEW YORK — Jeffrey Baker, Deputy Price Administrator, speaking before the Eastern Convention, National Association of Tobacco Distributors, predicted that a rise in the ceiling price of cigarettes might be granted the industry within the next two or three weeks.

Brother! Brother! Brother! Now a \$50 Phono Needle

NEW YORK — Here's an interesting item for an operator with fifty bucks. But it's interesting also because it shows there are people in this industry with the moxie to try and make something better, even though they've got to fight like hell to get it across.

Anyway, here's the yarn.

A diamond-tipped — yep, diamond-tipped — phonograph needle costing fifty pieces of green is now on the market.

The announcement of the fifty-dollar job was made by Stephen Nestor, president of Duotone, Inc., this city. The precious bit of equipment has been on test for five years without showing any signs of wear at the tip, Mr. Nestor was credited with saying.

That's an amazing thing for any needle to perform, as any op will readily admit, and the way it's done, says Mr. Nestor, is that by using professional polishers it has been pos-

sible to hold to a tolerance of 1-10,000th of an inch at the needle's tip, adding that a needle shank has been designed that will contain a diamond and give true reproduction.

Well, everyone in this business is interested in "true reproduction," so, on behalf of the guys with the price, *The Cash Box* called the Duotone Co., Inc., to learn more about the needle.

But Mr. Steve Nestor was out-of-town, we were told, so we spoke to a Miss Daniels.

Miss Daniels told us the needle was "guaranteed indefinitely."

We wanted to know how the needle would be marketed to the juke box trade.

"Our needle was really designed for the connoisseur," Miss Daniels stated, "that is the record addict."

But win, lose or draw, Steve Nestor's gang had vision and they're trying. And remember, so did a guy named Tom Edison.

CINCI'S MAYOR AT DIXON'S AIREON SHOW

LEO DIXON AND CINCINNATI'S
MAYOR JAMES GARFIELD STEWART

CINCINNATI, O. — Leo Dixon, president of the Triangle Distributing Company, 212 E. 8th St., this city unveiled the new Aireon Electronic Phonograph this past week.

During the two day showing, 112 music operators from Cincinnati and surrounding cities viewed the new Aireon. Among those present was Mayor James Garfield Stewart who showed great interest in the mechanical operation of the instrument. Cincinnati's three daily newspapers sent their radio and amusement editors to look the new machine over. "Don Fosgate will be the manager of the local branch and will give operators the good service they are entitled to. He brings a wealth of experience into the business and I know this branch is in good hands," stated Dixon.

Bill Roberts, assistant to Vice-President Rudy Greenbaum, Myron G. Erb, General Sales Manager, Fred Mann, Regional Sales Manager for Aireon, Dan Brennan, district sales manager, Leonard Branson regional district service manager and Bob Burnett of the advertising and public relation staff represented Aireon

at the showing.

Among the operators present were the following: C. W. Ploch, B. F. Reinmund, H. R. Hott, R. C. Boystel, Paul Joseph, Hohman Music, Luke Nicholas, John Nicholas, Mel Carter, Mike Bankemper, Bob Fogle, L. Pegg, Harry Bartel, Bob Hayes, Doug Roberts, Al Lieberman, Sidney Hillman, Frank Julio, George Ellis, Sam Chester, Chas. Kanter, R. C. Walters, Harry Hazel, Elmer Meyer, Mike Charlie, O. McFarland, F. H. King, Finas Melvin, M. E. Steven, Mr. Votaw-Automatic Music, Frank Shroth, Richard Stillmaker, Charles Butler, J. Hornsby, R. L. Davidson, Robert Cooper, W. H. Conners, Tom Bridges, Calvin Nethers, M. G. Plummer, Jos. Mistler, Dave Tavell, Harry A. Spiegel, A. S. Levy, Mutual Service, H. P. Seale, Wm. Shroth,

CARL HAPPEL

MILWAUKEE, WIS. — Carl Happel of Badger Novelty Co., this city, reports that his showing of the new Rock-Ola "phonograph of tomorrow" this past Saturday, March 15, was one of the most outstanding successes in all the firm's history.

Happel says that operators from all over Wisconsin and Michigan continued to flood the firm's offices all day long and that, "The enthusiasm shown by the music operators was something I've never before seen in all my life. Everyone of these men were thrilled with the new Rockola Model Number 1422 and especially pleased with the price of this marvelous machine."

Happel also stated, "Orders already taken far exceeded even our fondest expectations. We set a new sales record for our firm."

GERETT TO SHOW NEW PARTS LINE

MILWAUKEE, WIS. — D. Rettke, president of the M. A. Gerett Company, this city, well known for their juke box needle, reports that his firm will soon present an entirely new line of coin machine parts to the trade.

"We believe", Rettke stated, "that every coinman in the nation is going to be very much interested in these parts for they are especially created to fill his wants and will keep him in business by keeping his equipment in perfect condition."

KLEIN TELLS HIS GANG ALL ABOUT AIREON

MILWAUKEE, WIS. — Harold Klein (lower left) of Klein Novelty Co., gathers the firm's employees around him to tell them all about the new Aireon before over 600 coinmen jammed his new showrooms to see the new phono. Left to right: Harold Klein, Ray Jordan, salesman; Chas. Weber, serviceman; Bob Barnett, factory rep.; Martin Parker, district mgr.; Luke Zetting, serviceman; Hi DeBaufer, salesman; Jack Price, serviceman; Miss A. Kayser, Klein's secretary.

STRAHL TO SHOW AMI PHONO APR. 14

SAM STRAHL

CHICAGO — "The AMI Model A phonograph will be shown in the Pittsburgh area by Sam Strahl, of American Coin-A-Matic Machine Company," announces DeWitt (Doc) Eaton, General Sales Manager of Automatic Instrument Company. "Sam is having a very elegant affair with a long list of celebrities and show people in attendance. The party will take place in the Urban Room of the William Penn Hotel, Pittsburgh. Dinner will be served at 6:30 and at ten o'clock Sam will unveil the AMI phonograph."

music for the evening will be supplied by his band leader son "Skip" Strahl, who at the age of 16 had one of the largest bands in the country. Since being released from the Army, Skip has reorganized and now has a snappy 15-man unit.

"The AMI phonograph is truly deluxe. I consider it one of the best machines I have ever handled," states Strahl. "I am proud to have been appointed a distributor of this superior phonograph and am sure operators in this section of the country will be as thrilled with it as I when they see it at my showing on April 14."

NEW YORK—Bernie Wolfson, General Manager of Runyon Sales Co. of New York, reports that the firm are completing preparations for full week's showing of new AMI phono. "It's going to be the biggest showing in town," Bernie reports.

Strahl, practically a member of the show and theatrical entertainment world himself, advises that

NELSON'S NEEDLE CLICKS ON LOCATION

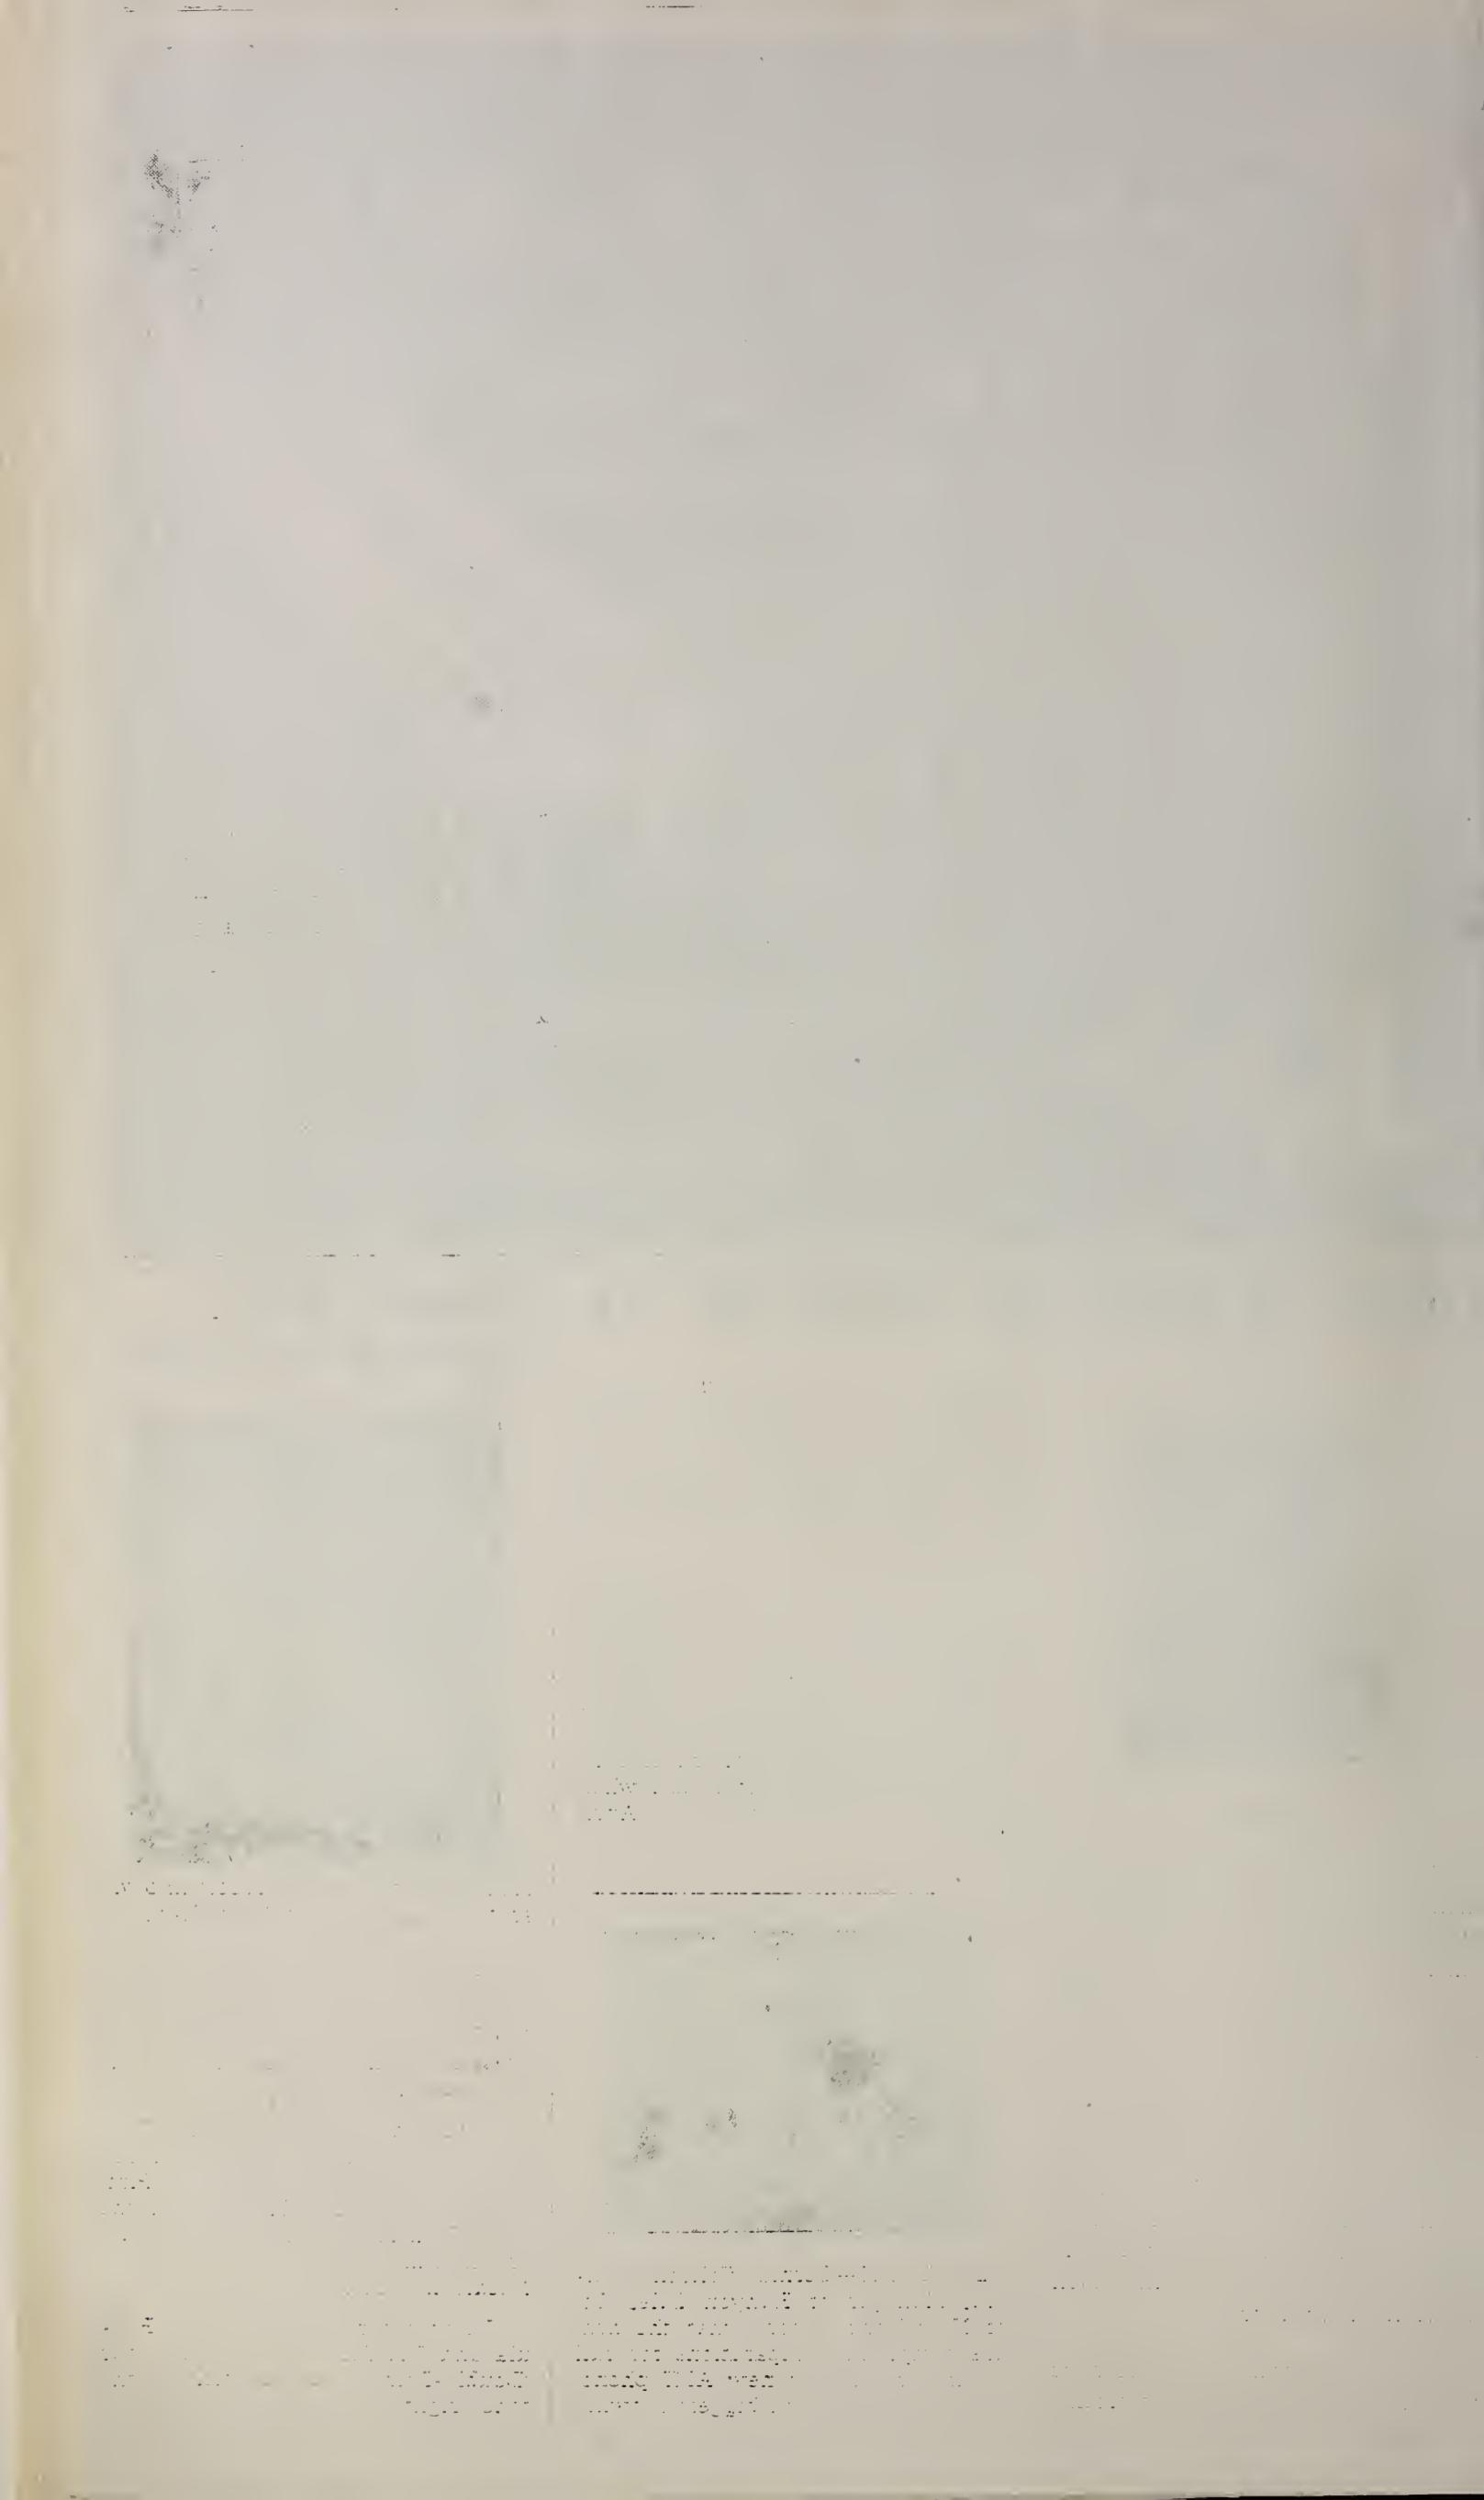

FRANK PADULA, JACK NELSON AND VIC PIRO listening to the "double-point"

needle in a new Wurlitzer 1015. CHICAGO — Jack Nelson reported this past week, "Our 'Double-Point' Needle has proved itself one of the greatest phono needles of all time on actual location tests."

In the above picture, Frank Padula, owner of the Melody Music Co., Chicago, Jack Nelson and Vic Piro, owner of the 1424 Club, where the new Wurlitzer Model 1015 is located, are listening to the "Double-Point" Needle in action.

Nelson reports, "Both Frank Padula and Vic Piro admitted that our 'Double-Point' Needle picked the tone right up and made records sound better than ever before."

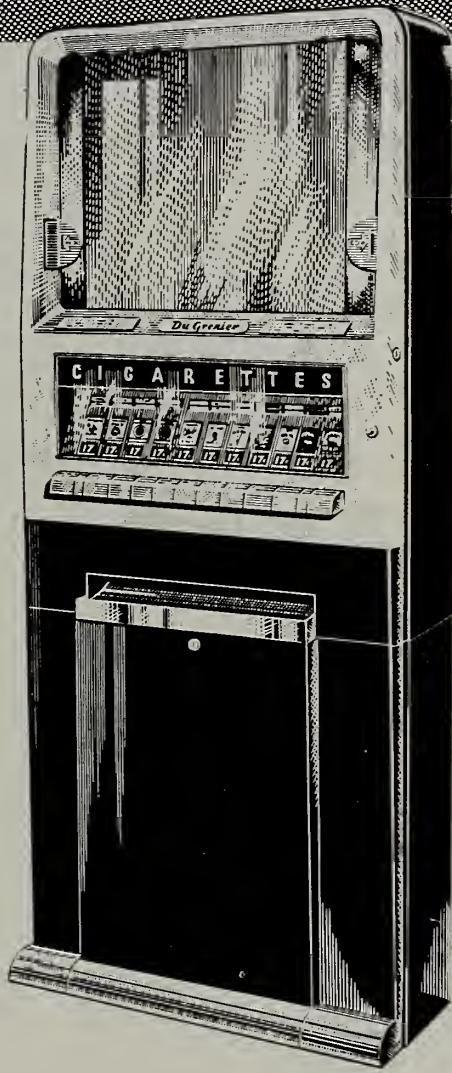

These Features Make The **DUGRENIER Challenger**

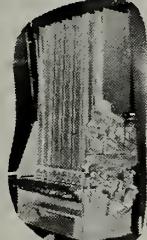

AMERICA'S FOREMOST CIGARETTE MERCHANTISER

Single Coin Insert. Speedy Coin Drop.

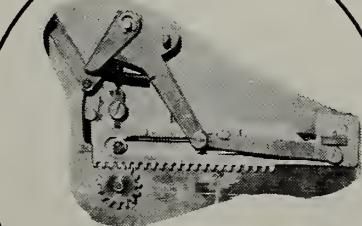

Centrally located match delivery unit. Every regular and auxiliary column will accommodate king-size packages.

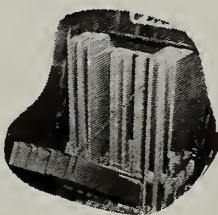

Entire unit and mechanism readily accessible. Operating unit moves forward in cabinet in two positions by use of operating handle.

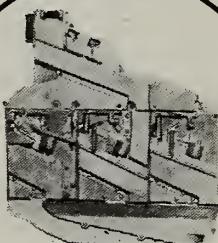

Delivery mechanism operates on movable steel racks and stationary shaft mounted on ball bearings.

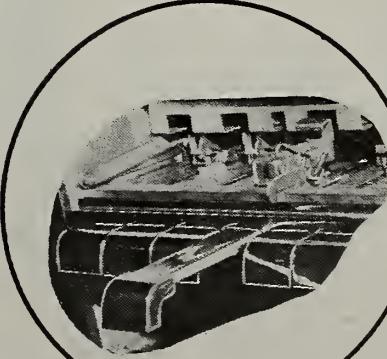

Simple, compact lower coin mechanism; only one adjustment.

Mechanism operates on nickels, dimes and (quarters—optional). Separate slug rejectors for nickel, dime (and quarter—optional).

Ejector handles are formed steel sections. Revolutionary-type ejector eliminates all package load on delivery mechanism. Positive empty column lockout device.

ARTHUR H. DUGRENIER, INC.
America's Foremost Manufacturer of Automatic Merchandisers
15 HALE STREET, HAVERHILL, MASS.

DU GRENIER SET FOR MASS PRODUCTION

BARNHART (BIP) GLASSGOLD

HAVERHILL, MASS. — Barnhart (Bip) Glassgold, Vice-President and General Manager of A. H. DuGrenier, Inc., this city, reports, "Our reconversion period is almost at an end and our engineers are at present re-converting the facilities of our Haverhill plant to manufacture automatic merchandising equipment on a mass production basis.

"DuGrenier's war job is well known. The Army & Navy 'E' awarded to us on two separate occasions is an accurate barometer by which to judge DuGrenier's potentiality for achieving the future it has planned in the manufacture of automatic merchandising equipment.

"The recent purchase of the entire capital stock of Arthur H. DuGrenier, Inc. by the Automatic Instrument Company is added assurance that DuGrenier will reach the goal it has set for itself.

"As a result of this affiliation with AMI, DuGrenier, in addition to the top personnel it already has, is now also able to take advantage of all the scientific gains, experiments and new developments achieved by AMI engineers.

"The value and importance of this combination is obvious for it gives the operator the benefit of DuGrenier's fund of engineering know-how plus the latest in electronic war-born innovations.

"DuGrenier plans to continue to manufacture automatic merchandising equipment to meet the full requirements of one of the most progressive markets in the world and will continue to expand its top personnel to insure that purpose.

"Machines, of which DuGrenier's 1946 models are typical examples, will incorporate every sound feature necessary to the running of a smooth, profitable and expanding operation."

MORE CITIES APPROVE PARKING METERS

NEW YORK — With auto parking becoming one of the greatest problems in this post-war period, more and still more cities throughout the country are beginning to approve use of parking meters.

A bill just passed by the legislature in Albany, N. Y. and sent on to Governor Dewey will allow the use of parking meters in New York City.

Niagara Falls, N. Y. is now studying use of parking meters in its business section to help defeat the auto parking problem.

Indianapolis, Ind. is arranging to purchase 2,000 parking meters as a starter and the city councilmen here faced six different salesmen selling parking meters and is giving them all an opportunity to prove which is best.

AMI INVITES ENTIRE INDUSTRY TO GET TOGETHER IN CHICAGO

Firm Asks Trade to Meet at Hotel Continental April 10 and 11. Call it "Convention for Everybody."

DE WITT (DOC) EATON

CHICAGO — DeWitt (Doc) Eaton, General Sales Manager of Automatic Instrument Co., this city, sent the following to *The Cash Box* by special wire this past week.

"Everybody together" That's my idea of a slogan for the whole coin machine industry. Too often in the past all of us have been very self-conscious about the particular division of the industry that concerns our own products and we have often closed our eyes to the basic fact that there is probably no such thing as one operator who runs only one kind of equipment.

"The vending machine man, the music man, the game man, the arcade man, the bell and console man, the scale man inevitably tie in with other equipment. Seldom, if ever, does one man limit himself to a single machine. The money that buys a phonograph is good old American money, the best in the world, and the operator who lays it on the line may have earned it by operating equipment of a nature far removed from music.

"Such is the magic of the coin machine, of any coin machine, that its influence permeates the nature of every other coin machine. In spite of the desires of some groups to separate themselves from other groups, I firmly believe that all groups in this industry are every day getting closer and closer together. "Everybody to-

gether!" Everybody is helped by such an ideal, everybody benefits!

"In line with this theme of 'Everybody Together' the Automatic Instrument Company, of Chicago, pioneer developer of automatic music will hold a unique and sensational get-together in the Tropical Room of the Hotel Continental, 505 North Michigan Ave., Chicago, on the two days, Wednesday, April 10th, 1946, and Thursday, April 11th. On this occasion we will preview our new phonograph for the whole nation but in a bigger sense will we be previewing the whole coin machine industry of the post-war era.

"The AMI get-together will have all the features of an old time coin machine convention and it will be attended by everybody in the business who wants a good look at coin machine opportunities today. This isn't a convention merely for our own distributors and their operator customers, it is a convention for every coin machine individual, whether or not he is a competitive manufacturer, salesman, serviceman, distributor or operator. It is a convention for everybody — everybody together — everybody welcome!

"The great majority of coin machine operators haven't been in Chicago in four years. This is the time to come. The Hotel Continental has generous accommodations and it is beautifully situated just North of the Chicago River, on famous Michigan Boulevard, a stone's throw from the loop! Make the Tropical Room your headquarters during these days, meet your old friends here, for the attendance will be a perfect cross section of all the manufacturers, distributors, and operators in the business. Let's start the new money-making era together — **EVERYBODY TOGETHER** at the Tropical Room, Hotel Continental, Chicago, April 10th and 11th."

Sat. Eve. Post Features Vendo Coin Changer

KANSAS CITY — The Vendo Company, this city, manufacturers of the long sought friend of every coin machine operator, an automatic coin changer, were given an enviable publicity break last week when the Saturday Evening Post featured the unit in an illustrated article.

"The Vendo Company has had a working model of such a gadget operating experimentally in a bomber plant since shortly after the war began," the writer stated. "Standing beside a soft-drink-vending machine, it has been doubly successful, neither short-changing nor long-changing its customers and increasing the soft-drink sales by thirty per cent."

The inventors are four Pierson brothers — Elmer, John, Fred and Carl; they deny the idea started with them, but say that the idea has been in the heads of men ever since coins were first used as a method of exchange.

"In any case," the writer went on to say, the brothers "along with three or four other mechanical craftsmen, had a practical changing device well under way just as the war forced the Piersons to turn to making radar equipment. They kept perfecting the gadget in their spare time."

With twenty models now on hand, the new coin changers are expected to start pouring out of the factory soon.

THE RED CROSS ASKS—

WANTED: 66,000,000 WEARERS—The Red Cross hopes that, by March 31, 66,000,000 Americans will be wearing this lapel tab, symbol of a generous heart. How about it?

A Tribute to the Distributor

By JAMES T. MANGAN
Mangan & Eckland, Chicago

The distributor, miracle man of the coin machine industry! He conducts a continuous coin machine convention in his territory the whole year 'round, exhibiting a dazzling display of the latest equipment, interpreting money-making features for his clientele, advising operators on their investments, keeping them up-to-date on the lightning changes taking place in the fastest moving of all businesses.

He brings the factory to the town, brings its products, its inspiration, its ideas, its resources and the brain-wealth of its myriad inventors, developers, engineers, mechanics. He finds the market for the manufacturer and contrives to sell that manufacturer's wares faster than the fastest factory can produce them.

He acts as the factory's alter ego, holds fast to its policies, protects its reputation, increases its momentum. From the firing line of his operators' locations he carries back to the factory the precious findings of daily experience which tell the producer what to make, what to add, what to eliminate, what to change. He is the indispensable liaison between the making of the product, its operation in location, and its final use by the public.

He, perhaps more than any individual, has made the coin machine business the greatest business on earth, a vortex of human interest, driving psychology, rocket speed and immediacy, profit for everybody and the brightest future man has ever envisioned!

BIG ATTENDANCE MARKS 3 DAY SHOWING OF NEW "CHALLENGER '47" PHONO

CHICAGO — Challenge Industries, Suite 330, Field Bldg., this city, held the premiere showing of their new "Challenger '47" phono this past week, March 15 to 19 and reported a greater attendance of coin machine distributors from all over the nation as well as from Mexico and Canada than the firm had ever expected. In view of this record crowd the firm were forced to continue the showings beyond the dates originally set.

The firm also displayed their new Challenger Drink Dispenser at the same time. Coinmen were registered as they entered and were taken in groups of 40 to the display rooms. It is reported that many of these men returned time and time again to view the new equipment. The showings were conducted with complete efficiency and personal appointments were made after each display with those who desired further discussion.

Handling the presentation were Dan Subarsky and Glen Spathe. Also present was Dr. Henry M. Garsson, president of the parent organization, U. S. Challenge Company. Challenge Industries officials who were on hand were: Albert Cole, Sam Kressberg, Murray W. Garsson and Bert Davidson. Other members of the staff who handled the crowds were: Richard L. Cole and Aaron J. Gross.

The following were some of the firms who registered for this premiere showing: Alamat Co., Birmingham, Ala.; Grapette Co., Camden, Ark.; Coinmatic Distributors, Los Angeles; Belmont J. Sanchez, Los Angeles; Bay Automatic Sales, Oakland, Cal.; Panoram Soundies, Inc., Miami, Fla.; Heath Distributing Co., Macon, Ga.; Bee & Dee, Berwyn, Ill.; Dockhus Bros., Rockford, Ill.; R. E. **WURLITZER DISTRIBS
FORM EXPORT ORG.
CALL IT "AMPCO"**

CARL A. JOHNSON

NO. TONAWANDA, N. Y. — A very interesting story appeared recently in the Buffalo press concerning the formation of an export firm by Wurlitzer distributors.

Spokesman for this news was Carl A. Johnson, Vice-President and General Manager of the North Tonawanda Division, Rudolph Wurlitzer Company.

Johnson reported, with the foreign demand for coin-operated equipment at fever pitch, as a result of the "missionary" work done when the armed forces carried coin machines with them throughout the world, Wurlitzer distributors formed the export organization to handle what has now developed into a great boom export market.

Known as the American Phonograph Co-operative, Ltd., or AMPCO for short, the new firm has no official connection with the Rudolph Wurlitzer Company; however, it does have Wurlitzer's blessing.

AMPCO, it is said, will collect, rebuild, and export these used machines, adapting them with suitable coin mechanisms and power systems for the countries to which they are to be sent. Wurlitzer trained mechanics will do this job, according to this newspaper account.

"STANDARD CHIEF" BRINGS IN BACON

CHICAGO — "Believe me", reported D. B. Lovitz, admanager for O. D. Jennings & Co., this city, "it takes quite a bit of persuading to get Mr. J. Raymond Bacon our Vice-President to pose for any sort of a picture."

"But", continued Lovitz, "when our new Standard Chief was set up for display in our showrooms — in

came Mr. Bacon — and that's what gave us the headline — 'Standard Chief Brings In Bacon'—and we mean that in more ways than one."

O. D. Jennings & Company, Lovitz also stated, are arranging for one of the most extensive advertising campaigns in their history on the new Standard Chief.

GUTSHALL-CARTER AIREON SHOWINGS CLICK BIG

LOS ANGELES, CAL. — Jack Gutshall's showing of the new Aireon Electronic Phonograph is reported to have been one of the biggest crowd getters in automatic music history of this area.

Nick Carter also attracted much attention with the showing he held. In the upper photo are seen: Nick Carter, Jack Gutshall, Frank Navarro, Bill Simmons and Mike Dutton of Aireon Mfg. Corp.

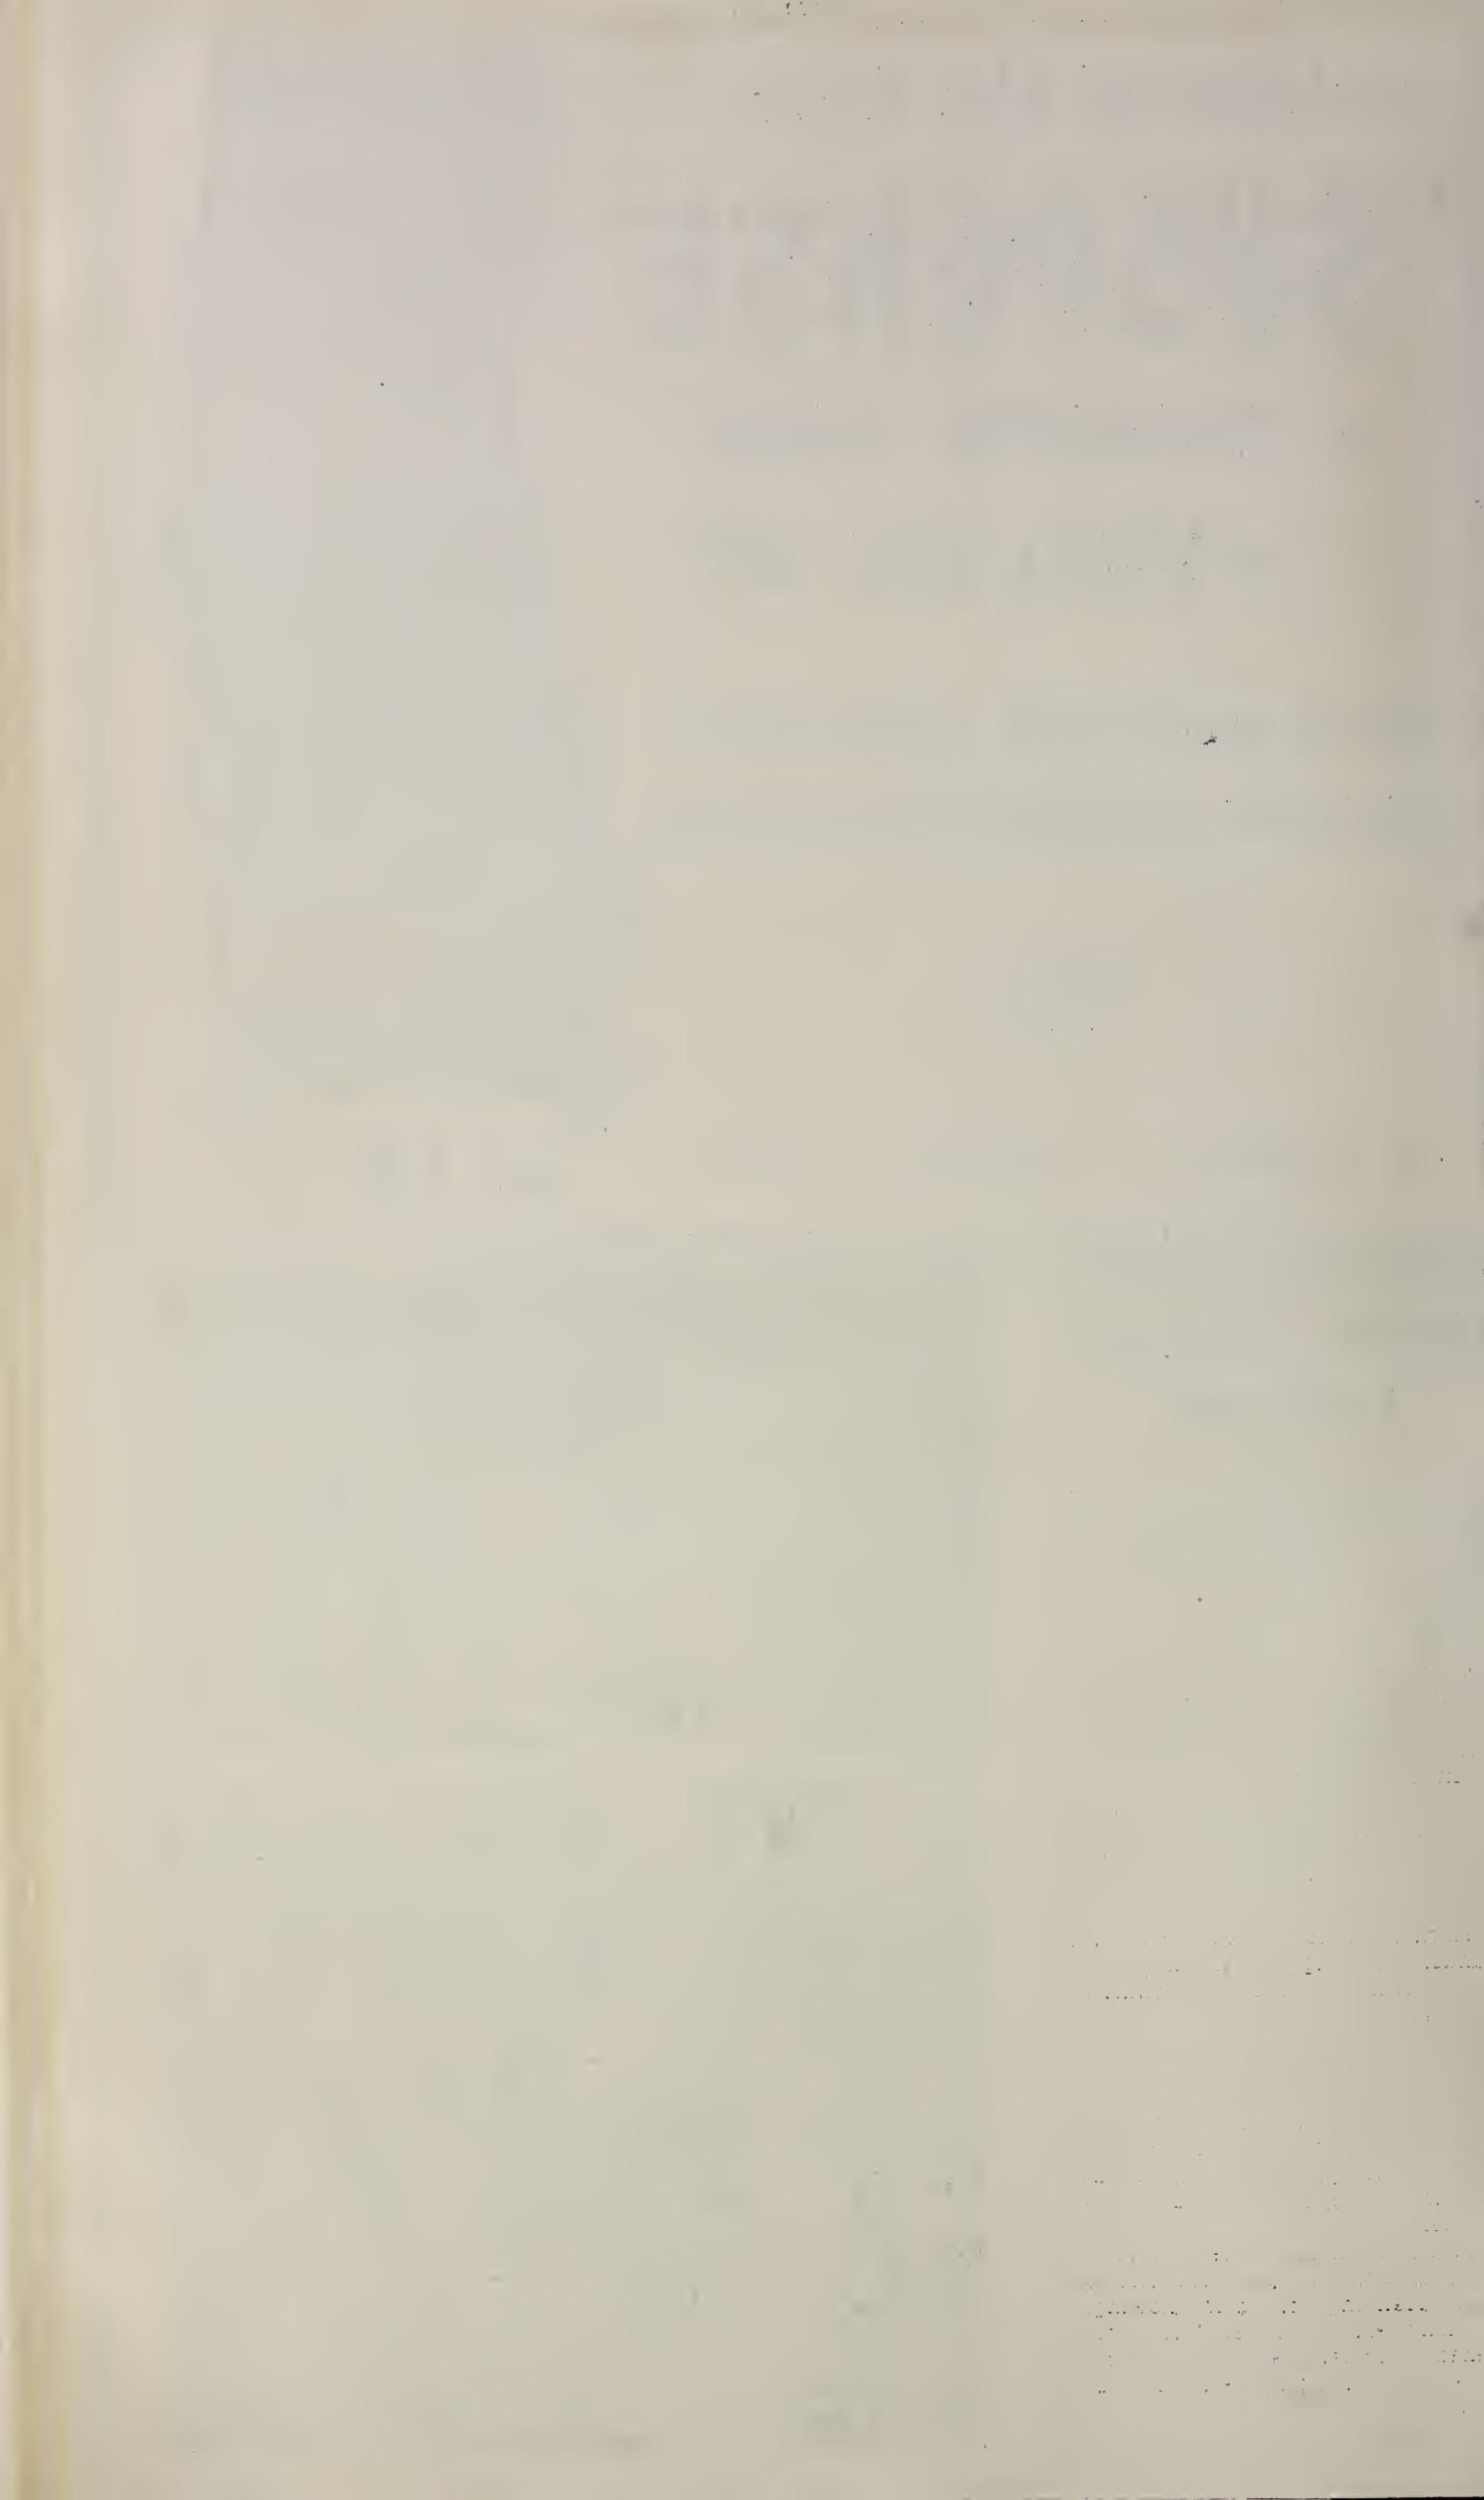

Lower picture gives some idea of how the showrooms were crowded with visitors from all over southern California to view the new Aireon line.

Gutshall stated, "This was the grandest and biggest showing of a new automatic phono in southern California's history. The crowds were tremendous and they were all thrilled by what they saw and heard."

Gutshall also explained that all the Aireon officials and the distribs here waited at the airport for the "Flying Tigers" airfreight line to fly in the first Aireon samples for the big showings here.

"From the moment they arrived," Gutshall said, "the men were hard at work arranging for their showings and there was no rest until the doors opened to officially welcome the crowds."

SEBRING FORMS NEW RECORD CO.

AL SEBRING

CHICAGO — Al Sebring of Bell Products Co., this city, reported this past week that he was forming a new record manufacturing firm and that, "This company will be entirely devoted to the manufacture of a new and better phonograph recording. We will devote ourselves 100 per cent to the juke box trade."

Sebring also reported, "We are of the same belief as the leaders in the juke box industry and intend, if at all possible, to have appear on the label of our records, 'For use in coin operated musical instruments'. We believe that if this can be worked out to the complete satisfaction of the artists, recorders, legal agents and so forth, that this statement will be first to appear on our records."

Associated with Sebring in this firm will be M. K. Styne who is the brother of the noted Jules Styne, composer of such songs as, "It's Been A Long, Long Time", "Love Me", "Let It Snow", "I'll Walk Alone", "I Don't Want To Walk Without You", and many others.

"There will also be associated with me in this firm", Sebring stated, "many noted musical leaders who have for years given the music industry the finest songs and recordings. We are planning to bring the juke box trade the very greatest records ever produced."

"Our company is practically ready for operation and within a week or so we shall make announcements which, we believe, will tremendously thrill and elate everyone of the music machine coinmen in the nation."

LAZAR REPORTS NEW SALES RECORD

B. D. LAZAR

PITTSBURGH, PA. — Ben D. Lazar of B. D. Lazar Company, this city, reports, "Our firm has just established a new sales record which we believe will ever again be hard to equal for three day's selling."

According to Lazar, "This sales record was set the three days of our showing the new Rock-Ola 'phonograph of tomorrow'. Operators from all over our territory flooded into our showrooms here. We don't believe that we took one sample order. All orders placed were for from ten to more machines."

Lazar also reported, "We are happy to announce at this time that we are also now able to make deliveries to all coinmen in our territory of Gottlieb's 'Stage Door Canteen'. We do suggest, tho, that every operator who is seeking more 'Stage Door Canteens' call our offices immediately so that we can make quick shipment."

"YOU CAN ALWAYS DEPEND ON ACTIVE — ALL WAYS"

CLASSIFIES PINBALL GAMES AS "TOYS"

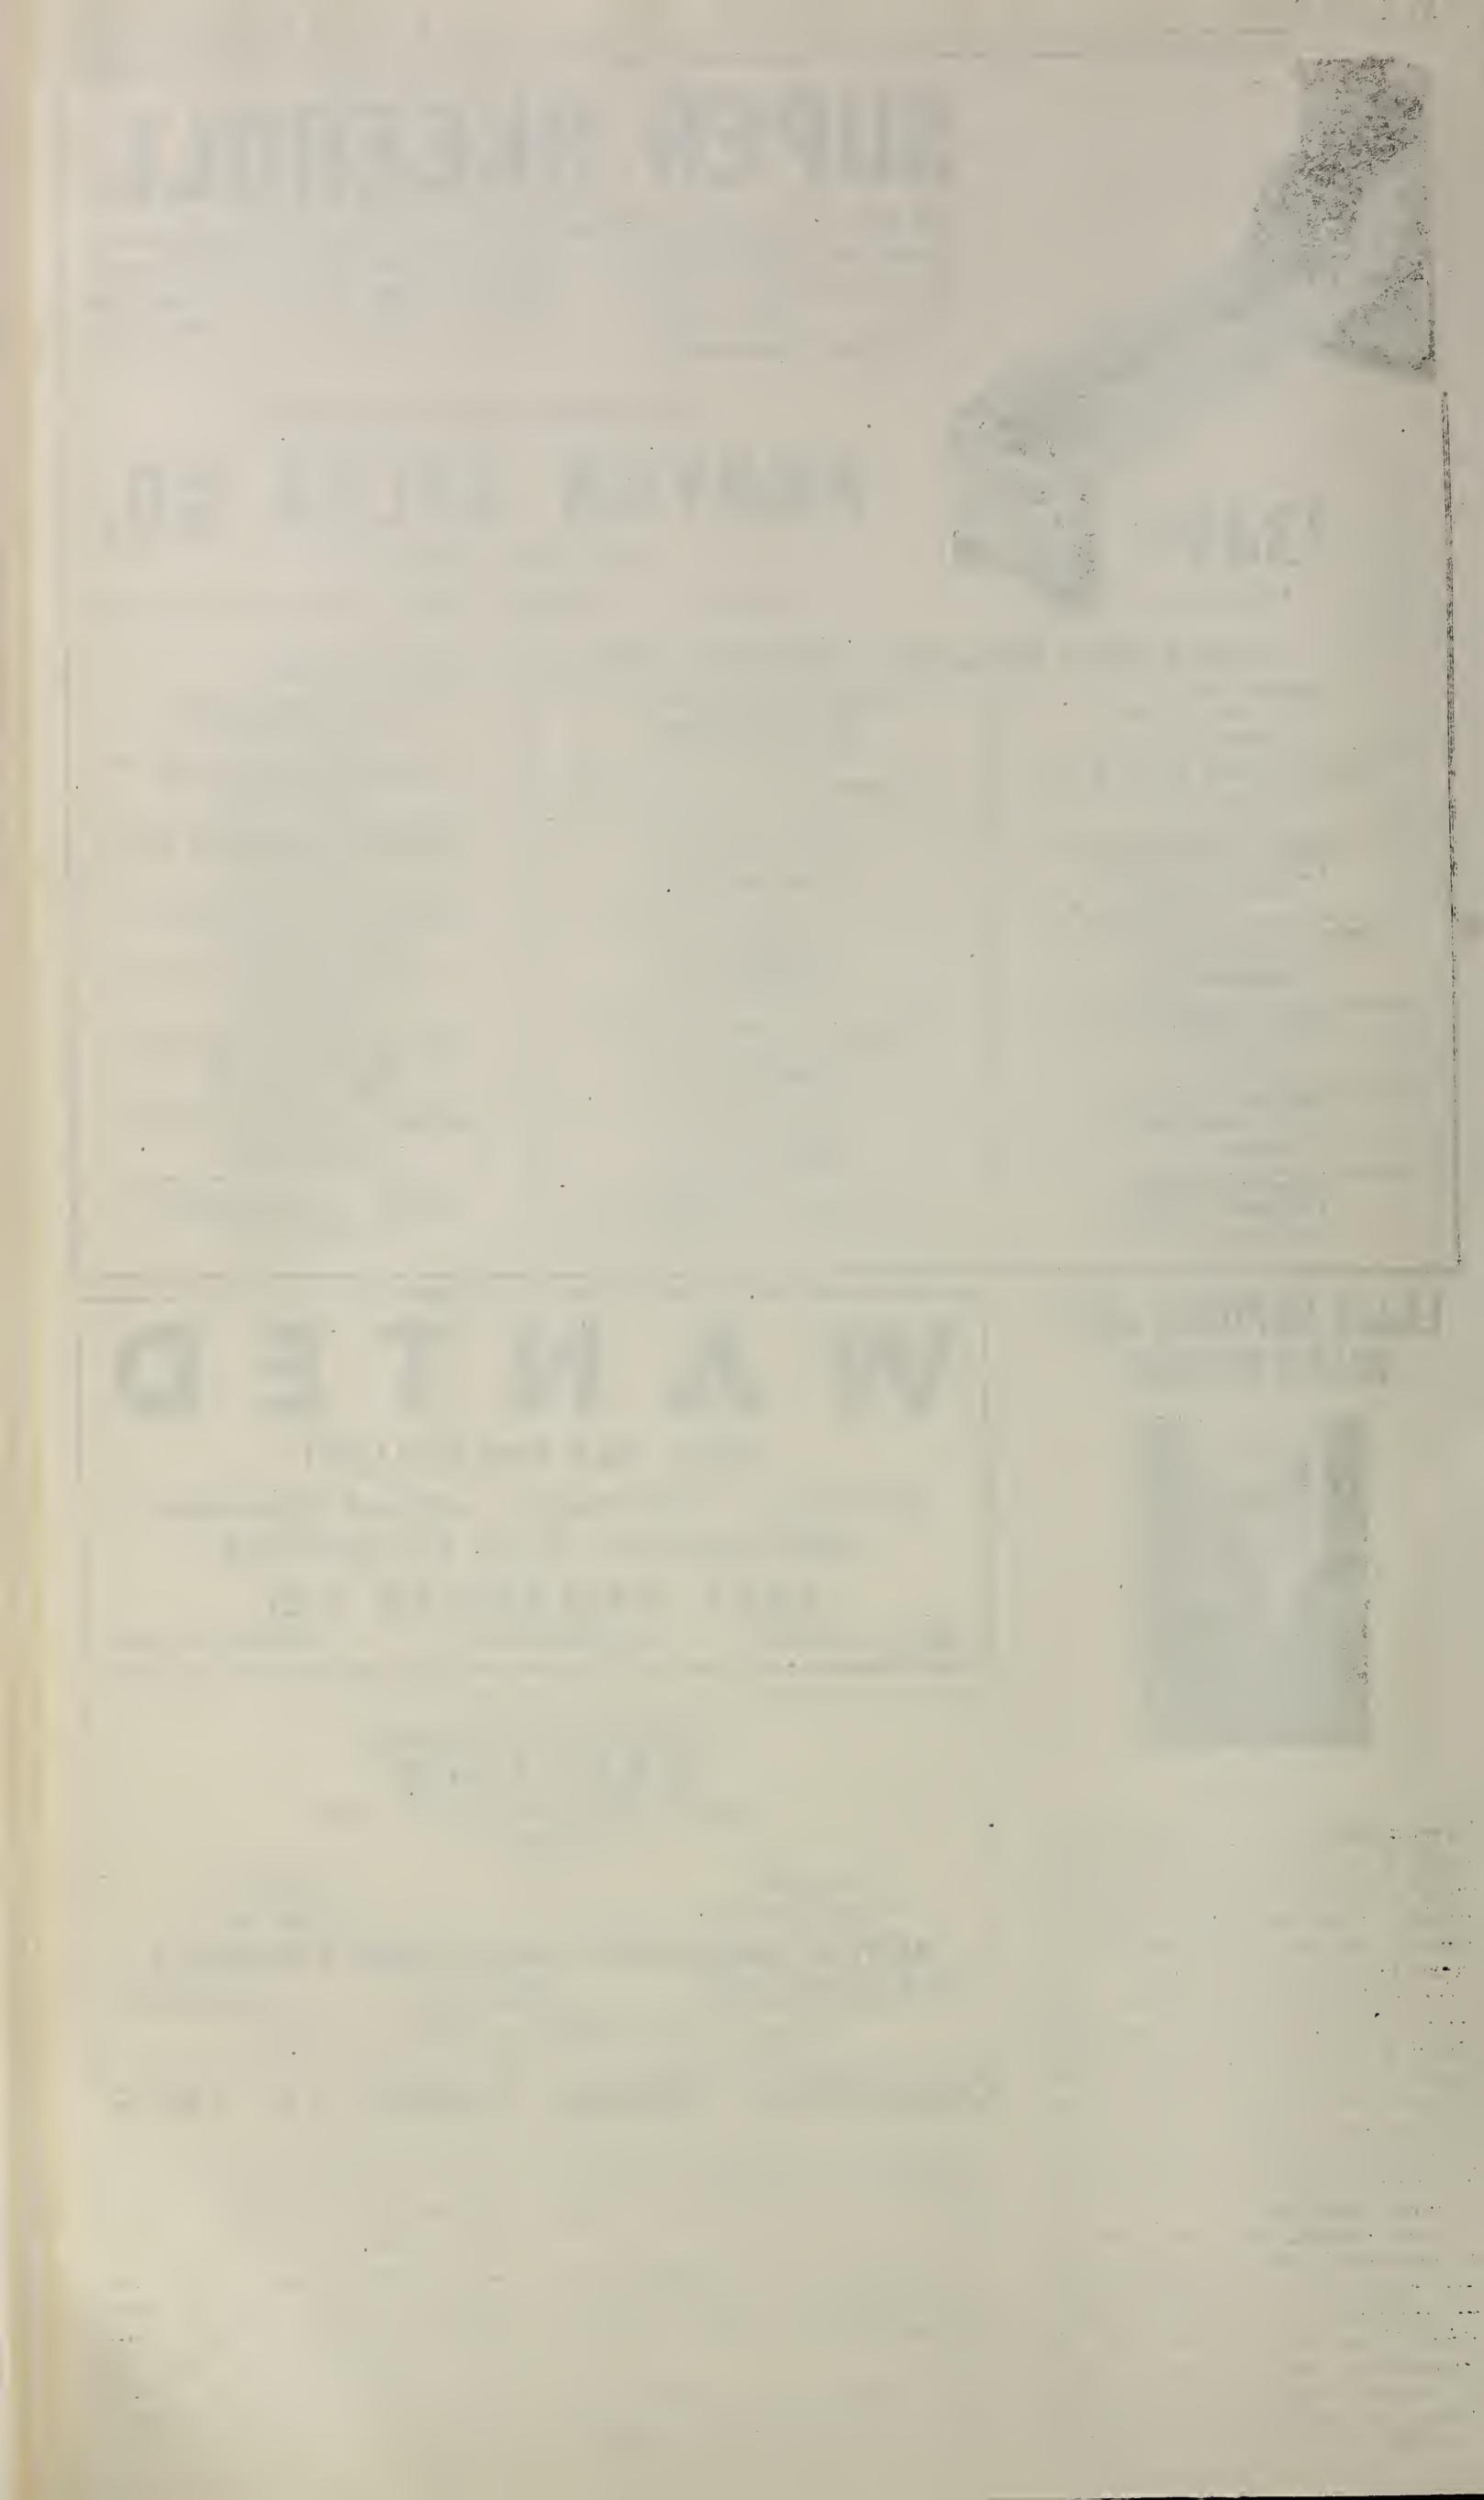

MANCHESTER, KY. — The local newspaper here, "Manchester Enterprise" reported the following this past week.

"In fairness to the business places of this community that operated the so-called 'pin-ball' machine we have this to say.

"The machines were not gambling devices as some people were led to believe. There were no 'pay-offs' of

any form except a free game, and are not to be classified with the more elaborate devices now being used in some sections of Kentucky.

"The type of these so-called machines can be purchased in the larger cities as a toy for the home. In other words, we would call the apparatus a toy which to play with for a while and then throw it aside as a kid would do a new toy."

**JUDGE POSTPONES RULING ON W. VA.
SUNDAY JUKE BOX PLAY**

CHARLESTON, W. VA. — Juke box ops from many parts of this area listened this past week to Municipal Court Judge Harold B. Neff postpone until March 25 a decision on whether Roy K. Morris, owner of a beer tavern here, had violated a 1945 act by playing a juke box on Sunday "on the house" as Morris contended he had done by providing the nickels himself.

Morris claimed that by putting his own nickels into the juke boxes he was merely furnishing music for the patrons of his place.

Previously Morris had appealed to the State Supreme Court following his conviction on a similar offense. Morris claimed that the section of the beer law regulating the operation of music machines was unconstitutional. This case is now pending.

In this new case, Morris appealed from a Kanawha circuit decree denying him a writ to stay criminal action by a justice of the peace on charges that he violated the statute by permitting the juke box to be played on the sabbath.

The Appellate Court first denied him a hearing, but later reversed the ruling on a second application.

Morris cited a section of the state constitution in support of his contention that the operation of a coin operated music machine does not legally belong in legislation dealing with the regulation of beer.

Juke box ops throughout the state are tremendously interested in this case and eagerly look forward to March 25 for Judge Neff's decision.

It is the hope of many of these coin-men that leaders in the juke box industry will interest themselves in this ruling and that if it is unfavorable will work with them to help get the coin operated music machines in taverns off the beer regulation laws which these men claim have absolutely nothing to do with juke boxes.

CLEVELAND PHONO OPS MEET

CLEVELAND, O. — The regular monthly meeting of the Phonograph Merchants' Assn., was held on March 7 at the Hotel Statler in this city.

Jack Cohen, president of the assn., who has just returned from an extended visit to Miami, was back presiding at the meeting which was one of the most interesting ever held here.

Discussion regarding the fact that the music ops entertained Vaughn Monroe at the Belmont Hotel won much comment. A new member was also introduced to the organization at this meeting, he is Richard Head who purchased Frank Bennett's route.

BYRON NOVELTY CO.
2045 Irving Park Road, Chicago 18

was to the effect that Richard M. Erb, son of Myron Erb of Triangle Distributing Co. is now home after spending much time in the southwest Pacific with the Army Air Forces.

George Zollos is also back again after three years in the Army and reported that he was happy to be called "Mr." again instead of "Corporal."

A complete report was given to the organization by the Cleveland phono ops who attended the Detroit meeting and dinner at the Latin Quarter in that city. Among those who attended were: Leo Dixon, Jack Cohen, James Ross, Robert Pinn, Hyman Silverstein, Sid Amder, Sanford Levine, Sid Clary, Gary Weber, Burt Dean, Leon Green, Jimmy Burke and Harry Friedman.

WASH. D. C. BETTER BIZ BUREAU WARNS VETS ON VENDING MACHINES

WASHINGTON, D. C. — The Better Business Bureau, this city, has just issued a warning that high pressure salesmen are exaggerating returns on investments in vending machines.

This warning is especially being directed to returned veterans with Mrs. Sally Muchmore of the bureau reporting that several complaints on this score had been received recently.

The last complaint received, she reported, was from a young veteran who put his last \$890 into the purchase of 20 machines for vending nuts on bars or store counters.

The veteran, she said, responded to an advertisement in a newspaper headed, "Route man wanted — \$50 a week".

Mrs. Muchmore stated that this veteran signed a contract he had not read and paid out his money after listening to a sales talk in a hotel room.

The veteran expected immediate delivery of the machines, but recently received a letter from the sales company stating that "the manufacturer hoped to catch up with orders by April 15th."

Mrs. Muchmore also said that the veteran expected the machines to earn him enough money by this time to buy an automobile to make his rounds in servicing them.

La. Assess Slots For \$1.15 Yearly

BATON ROUGE, LA. — This state gets \$1.15 yearly per machine assessed under such headings as "personal property", "business fixtures", or "miscellaneous". The parishes get about \$6 more a year.

The interesting legal point of power of the state to assess property illegally owned hasn't yet been raised.

Louisiana's Tax Commission Chairman, J. H. Cain reports, "Most operators don't seem to mind paying the tax. We take the position they are property like anything else and ought to be assessed. They are not listed as exempt property in the constitution."

For the most part, Cain said, assessments are levied against the actual owners of the machines rather than against owners of establishments in which they are found. The machines are assessed at \$200 each whether they are old or new.

FREE PLAY SLOTS HELD NOT ILLEGAL IN CALIF. RULING

SACRAMENTO, CALIF. — Justice of the Peace J. L. Missall of the American Township acquitted Charlie E. Kirk, owner of the YaVeda Club and D. C. Dodrill, owner of the Gardenland Club of gaming charges placed against them when free play slot machines were seized in their places of business.

The machines, it is reported here, were confiscated in connection with a sheriff's office drive against gambling devices. Both merchants, however, claimed the machines were not illegal since the player only received free plays instead of automatic payoffs.

Justice Missall upheld this contention this past week. He overruled the arguments of the District Attorney's office that free plays are things of value and were therefore illegal.

Missall stated in his decision, "The slot machines seized from the defendants were not used as gambling devices within the meaning of Section 330A of the Penal Code and the defendants are therefore not guilty of the offense with which they are charged."

The District Attorney's office has

not yet decided whether to appeal the decision, according to reports received this past week.

Many coinmen here are now wondering whether this decision interpreting the 330A section of the penal code to mean that free play slots are not to be construed in the same category as automatic payout slots may not open the way for general placement of such equipment in this territory.

As yet no efforts have been made by coinmen to place any large numbers of free play slots. Most are waiting to see whether the district attorney will appeal from this decision and what the results of that appeal may be.

BIG 4 RECORD MFRS SQUEAL AS OPS BUY OTHERS

NEW YORK — Word began to reach *The Cash Box* this past week from noted juke box coinmen that the "big four" record manufacturers, Decca, Columbia, Victor and Capitol, were beginning to squeal now that many of the juke box ops are buying records from the smaller firms all over the country and finding that they can get along very well with the recordings they are getting.

One noted southern juke box coinman reported that when one of the "big four" in his city heard that he had arranged to buy and distribute the records of some of the smaller record makers, they phoned and advised him that they wouldn't give him any more records for his phone route. He also learned that this distributor had phoned the other of the "big four" distribs in his town and suggested they all do the same.

Such reports have now begun to come in with regularity from other parts of the nation where juke box ops are learning that they can get

records in good quantity from the smaller manufacturers and that these latter are more than willing to co-operate with them as to price and delivery schedules and all other matters relative to their needs.

One coinman told *The Cash Box*, "We've waited for this for a long time. I am giving almost 100 per cent of my business to the new and smaller manufacturer and will continue to do so. These men are now beginning to get shellac and they are also getting more pressing machines. The only thing I hope is that other juke box operators thruout the country won't forget what headaches and heartaches

they had with the big record makers and will now go all out to make these new men just as big and powerful so that in the future we will again have a real record market and the opportunity to get our merchandise at reasonable prices."

In the meantime the smaller recording firms are going right ahead producing hit records and bringing one innovation after another into the field with prices tumbling and all are trying to help coinmen to the best of their ability. Some of the new tunes being presented are winning much good comment from juke box ops nationally.

ALABAMA COINMEN FORM ASSN

First Meeting Held at Thomas Jefferson Hotel, Birmingham, March 18. Purpose is to Adopt 70%-30% Commish Basis

BIRMINGHAM, ALA. — On Sunday, March 18 at 12 noon, this state's leading coinmen met in the Gold Room of the Thomas Jefferson Hotel, this city, for the purpose of organizing all the bona fide coin machine men in this state into an organization whose main purpose will be to adopt the 70%-30% commission basis as suggested by *The Cash Box*.

According to the letter just received from D. C. London of Huntsville, Ala., who has been appointed as "acting secretary", this was one of several meetings already held in other cities such as Montgomery, Selma, etc., throughout the state.

The following men were present at this meeting in Birmingham: T. E. Farned of Farned Music Company, Russellville, Ala.; S. H. Barnett of the Cullman Automatic Music Co., Cullman, Ala.; Sam A. Stewart of Tuscaloosa, Ala.; Jim Thompson of Tuscaloosa, Ala.; Harmon Looney of Tuscaloosa, Ala.; Barnes Music Company, Selma, Ala.; Popwell Music Company of Clanton, Ala.; F. H. and B. M. Scott of the Cheacha Amusement Co., Talledga, Ala.; Walter Bros. Music Company, Selma, Ala.; Hall Bros. Sales Company, Jasper, Ala.; Lindsey Music Company, Haleyville, Ala.; N. M. Burns Music Co., Tuscumbia, Ala.; Bucacick Music Co., Riverside, Ala.; D. C. London, Huntsville, Ala.; B. L. Baucom, Huntsville, Ala.; John R. Lilly, Huntsville, Ala.; Weeks Automatic Music Co., Scottsboro, Ala. and Jimmy James Music Co., Gadsden, Ala.

Claud Hall of Hall Brothers Sales Company, Jasper, Ala., has been acting as spokesman for the group. As yet the name of the new organization is indefinite but in the meantime they are calling themselves, the "Alabama Coin Machine Operators Association." The organization can be reached thru their acting secretary, D. C. London, 203½ Green Street, Huntsville, Ala.

London writes *The Cash Box*, "We heartily endorse all the things you have been publishing in your magazine, and would greatly appreciate you sending all of the members your publication so that they can become

subscribers."

This new association would like to hear from already well established groups of coinmen throughout the country as to what moves they should make to arrange for this to be a strong and efficient organization.

The next general meeting of this new organization will be held at 12 noon, April 28 at the Thomas Jefferson Hotel in Birmingham, Ala.

CELEBRATES 19th YEAR IN COINBIZ

CHARLEY ROBINSON

LOS ANGELES, CALIF. — Charley Robinson of C. A. Robinson Co., this city, is this month celebrating his nineteenth year in the coin machine business.

Robinson reported that it is a great thrill for him to look back over the years and note what tremendous progress has been made by the coin machine industry.

He can remember long before anyone even thought about a pin game or even a juke box of the modern type. He also remembers when the old time slot machines were among the most popular items on the market.

Friends of Robinson expect that he will go all out with one of the biggest parties ever yet seen at McGovern's.

WILL EXHIBIT NEW COIN OPERATED RADIO AT BOSTON HOTEL SHOW

DEAL, N. J. — George and Victor Trad of Tradio, Inc., 106 Norwood Ave., this city, will exhibit their new all metal encased coin operated radio April 24 to 26 at the 21st Annual New England Hotel and Restaurant Show to be held at the Hotel Statler in Boston, Mass. In addition to the coin operated radio for hotels they will also display the "Victradio" which is especially constructed for use in hotels and tourist camps.

The brothers claim that already 15 hotels in New York, New Jersey and Long Island have signed up to install their new radios. These are arranged in groups of 100 or more.

The set is operated by a concealed coin drop which permits the hotel guest to choose any desired radio program and enjoy it for three hours for 25 cents.

The set is reported to be acoustically modulated so that other guests will not be disturbed by late use of the radio.

New Gadget Shuts Off Juke With A Dime

BRONX, N. Y. — Neal O'Hara in his column, "Pull Up A Chair" which appears in the Home News of this community reported the following.

"We like the invention of a Yankee genius consisting of a gadget to install on juke boxes in eating places and to receive dimes thru its slot. 'The other fellow's nickel starts the music', he explains. 'The dime stops it. The appliance is a moneymaker'."

(As yet this "gadget" hasn't made its appearance and juke box ops would be happy to hear more about it. Anyone knowing anything of such a "gadget" should immediately contact *The Cash Box*.)

WARN'S MUSIC OPS NOT TO PLAY CUSTOMER'S RECORD

Sued After His Studio Plays Customer's Own Record By Request

PASSAIC, N. J. — Telemusic Service, Inc., operators of a large telephone music studio here report that they believe a new angle has arisen which will cause many music operators throughout the nation lawsuits unless they stop playing a customer's own records by special request of the customer himself.

This firm report that they are now being sued by one of these customers who brought a record to their studio to be played for him.

The record was played into the location specified and the next thing the firm knew they had received a summons suing them for playing a "copyrighted record."

Music ops all over the nation, especially operators of telephone music, have been complying graciously with the requests of customers who call at their studios with a musical recording of their daughter's or son's piano playing or singing or some other such record and playing these usually direct into some location where the proud parents are dining or having a party for the amateur recorder.

This new angle, as Telemusic Service, Inc. report, hit them like a thunderbolt. They simply cannot understand the thoughts of any man to ask them to play his own record into a special location for them and then sue them for playing a "copyrighted record."

This warning should be immediately heeded by every music machine operator in the country. Many times juke box ops are also asked to open their machines and place therein a record of some customer of the location. Telephone music ops have been getting such requests for a long time.

Music machine operators are warned — DO NOT PLAY ANY CUSTOMER'S RECORD UNLESS YOU HAVE A LEGAL RELEASE FROM HIM REGARDING THE PLAYING OF THIS RECORD.

NEW BOX CLICKS

WM. (BUD) PAAR

LOS ANGELES — "Bud" Paar of Solotone Corp., this city, reports that the firm's new non-selective wall box is bringing the firm orders from everywhere in the nation.

"It's the most sensational product", Paar reports, "that we have ever yet introduced to the trade. We are working day and night to get them out just as fast as we can to fill all orders received."

DAVAL TO PRESENT NEW GAMES

CHICAGO — Al. S. Douglass, president of the Daval Products Corp., this city, reports that the firm will soon be entering into production on "some startling new games".

As yet the firm have not announced exactly what type of machines they intend to produce.

The secretiveness noticeable about the Daval factory regarding these new products has caused a great deal of mystery and wonderment to arise in the trade as to just what type of machines Al Douglass and Dave Heffenbein are planning to present.

Douglass stated, "It doesn't pay to

THRU THE COIN CHUTE

CHICAGO CHATTER

The town was jammed with visitors from all over the country this past week. Never before saw such crowds. It seems that the premiere showing of the new "Challenger '47" automatic phono was one reason and the fact that Rockola had presented their new Model 1422 was another one. Coinmen came in and rushed to one factory and another all day long and everyone was crying for immediate delivery of carloads of equipment of all types. The manufacturers tell me that this was one of the most hectic weeks in all their history.

(By the way, it will pay every coinman to make sure that he has hotel reservations before he comes to town. We have written about this time and again and yet many will simply fly in or train in and then suddenly call everyone they know in desperation to get a room. Unless reservations are acknowledged coin machine men should be very, very sure that they will be able to bunk with someone before they come to Chicago. This city is getting more and still more conventions every day.)

Well, the news is out—Al Sebring is setting up to manufacture records and has already signed in with some very noted music people. Looks like Al will be making much history in this new firm very, very soon . . . One of the most outstanding and startling announcements to come from any Chi mfr was that which was released by AMI this past week on the fact that they are opening the Hotel Continental on the near north side wide open, April 11 and 12, for all the coin machine trade. "Just an old time convention with plenty of good convention flavor", is the way "Doc" Eaton, salesmanager for AMI put it.

Lou Wolcher of Advance Automatic Sales Co., San Francisco, Cal. in town this past week and looking, very, very good. Lou was busier than a bee and spent all day and part of the nights with other coinmen visitors discussing thisa and thatta . . . Art Flake of the Arthur Flake Distrib. Co., Dallas, Tex. in town, too, this past week and rushing about to see what merchandise he could gobble up in a hurry and carry right down to the Lone Star State with him . . . Bill (The Sphynx) Cohen of Silent Sales Co., Minneapolis, Minn. also in town this past week—for more than one reason they tell me.

Harry Jacobs, Jr. of United Coin Machine Co., Milwaukee, was in town and had a lot to do so couldn't get anything more than a hurry phone call with Harry. He reports that he will soon be ready with a real surprise announcement . . . Joe Beck of Mitchell Novelty Co., Milwaukee, was also around the Windy City and seeing that new Challenger phono. But, with the baseball season ready to get under way, looks like Joe will be busy with his team in Milwaukee soon . . . Sam Stern of Scott-Crosse, Philadelphia, was in town over at the Rock-Ola factory and trying to convince all the execs over there why they should ship him a complete train-load of the new 1422.

Ben Axelrod of Olive Novelty Co., St. Louis, Mo.

CHICAGO CHATTER

was in town this past week and just zoomed in and zoomed out . . . Barney Dostershill of Barney's Music Shop, Dallas, J. C. Childers of Ft. Madison, Ia., Sam Bella of Kankakee, Ill. and a host of others seen around here and there in the town and many of them meeting evenings in the good old Celtic Room of the Sherman to talk over the day's events . . . Saw Joe Ash of Active Amusement Machines Co., Philadelphia, and from the way Joe was traveling about—looking and listening and saying very little—he's just about ready to pop with some news for the trade.

Dan Cohen of Crescent City Cigarette Service, New Orleans, in town and seemed to be plenty happy about something he accomplished while here. Dan picked himself early in the week and went on to New York from where he intends to fly back to Nola . . . George Ohlendorf of Freeport, Ill., Sam Horwitz of Acme Novelty Co., Pittsburgh, Pa., Max Roth of Roth Novelty Co., Wilkes-Barre, Pa., Bill Hautzer of Auburn, Ind., Lew London from Dallas, Nate Robinson of Madison Coin Machine Co., Madison, Wis. and many, many others seen here, there and everywhere in town this past week.

Bumped into Benny Robinson of Robinson Sales Co. and learned that he was moving his headquarters from Detroit to New Orleans which is certainly a bit of a sleeper jump. Ben has some neat lines already and believes that he will soon announce many more. He's all enthused over his move . . . Clarence Camp of Southern Amusement Co., Memphis, Tenn., Coe Stone of Musical Sales Co., Memphis, Tenn., gave their fair city nice representation this past week . . . Hymie Rosenberg of New York around and talking with some of the boys from Brooklyn as well as from the Big Town and making plan on plan.

Ed Heath of Heath Distributing Co., Macon, Ga., that southern gentleman, also in our town last week and was seen covering everyone of the factories he represents in his part of the world. Ed has some good plans and is about ready to pop with some of them soon . . . Donald Fielding came down from Toronto, Canada and added some Canadian flavor to the many visitors who were here. Fielding is getting set to take on some of the big lines he had before the war and do another big job in the dominion with these.

Bill Wrigley of W & L Phonograph Service, Peoria, Ill. was around looking some of the deals over and talking with some of the boys around town about what was what . . . Jack Lovelady of Ball Ground, Ga. came to town and many of the boys were glad to see him. Jack isn't a frequent visitor here and has many friends regardless—so all are happy to get together with him and discuss thisa and thata about this and thata . . . Ben Lazar of the B. D. Lazar Company, Pittsburgh, Pa. in town this past week and just sat himself down in Art Weinand's offices at the Rock-Ola plant looking to get as many of the 1422's as he could for Ben told us he set a new sales record for his firm with his three day Rockola showing.

George Ashe of Philadelphia was around our Windy City this past week but couldn't get to see him and do wish he would have phoned.

THRU THE COIN CHUTE

EASTERN FLASHES

The National Association of Tobacco Dealers convention at the Pennsylvania Hotel brought quite a few cigarette vending machine operators to the City. Ken Brown came the farthest, flying in from the West Coast to see J. Breidt of U-Need-A Vendors, Inc., for whom he distributes . . . Aaron Gosch, Supreme Cigarette Service, New Rochelle, N. Y. just in from a month's vacation in Florida, and livelier than ever . . . Of all the displays on the convention floor, cigarette machines drew the most attention . . . Lou Cantor, factory representative for National Vendors, Inc., greeted like a king after an absence of four years. Lou is now set up in Cleveland, O. and will cover the mid-west and eastern territories. Al Horth, who, prior to serving in the army for four years, was Cantor's assistant, was on the floor helping out.

In addition to the large group of representatives attending the U-Need-A Vendors booth, Abe Feinberg came in from Boston, where he and Hymie Leiter opened a temporary office at 1209 Washington St. to display the cigarette machine . . . Burnhart "Bip" Glassgold of Arthur H. DuGrenier and Julius A. Levy, manager of the New York offices kept busy greeting many customers . . . With Robert Z. Greene of Rowe Mfg. Corp. out of town, George Seedman and his salesmen were at the Rowe booth . . . Harold Meeks, well-known coinman, and Sales Manager for the new electric cigarette machine, entertained a number of coinmen who saw the electric vendor for the first time . . . National Vendors, Inc. showed artists drawings of their electric machines.

Al Schlesinger, manufacturer of the "Roll-A-Ball Barrel Roll" skee alley, invites Jack Fitzgibbons of Jafco, Inc., his associate, to visit him in a week, when the shad fishing season opens. "All I have to do" states Al "is to walk two blocks from my office to the most well-stocked waters in the United States. I'll catch them, and Jack, a great fish eater, will eat them" . . . Charlies and Gilbert Engelman, popular music ops, buy a Dude Ranch, and plan on calling it Manore Rancho . . . Hymie Rosenberg, H. Rosenberg Co., returns from a trip to Chicago

If you want to sleep up against a curbstone, come to New York City without hotel reservations. The city is so crowded at this time, with the UNO delegates, that the hotels haven't got room for a stray termite. . . Lou Unterberger, Rex Amusement Co., Wilkes-Barre, Pa., had to rush into the city and then discovered that he couldn't get sleeping accommodations. We still don't know how Lou made out . . . Bob Slifer, General Manager for East Coast Sales & Distributing Co., continuously on the floor showing the new Rock-Ola phono, while Dave Stern hustles back and forth between Elizabeth and the city. Everett Masterson and Tom Burke handle the rush at the Elizabeth office. All await the return of Harry Pearl from Florida.

The crew of Runyon Sales Company of New York preparing for the showing of the new AMI phono at their Tenth Avenue showrooms from March 28 to April 5. Barney (Shugy) Sugerman, Abe Green and Mike Munves, and their assistants, Jack Mitnick, General Sales Manager, and Bernie Wolfson, Gen-

eral Manager, who will act as a reception committee, will all be ready to meet with all the music ops. DeWitt (Doc) Eaton, General Sales Manager of Automatic Instrument Co., announced that his assistant in the Sales Department, Lyndon C. Force, will act as his representative at the premiere showing . . . Morris Hankin and Jack Lovelady, H & L Distributing Co., Atlanta, Ga., spend a few days in the big city . . . Georgie Holzman and Willie Levy, Brooklyn operators, drive down to Miami . . .

Joe Darwin, Eastern Regional Sales Manager for Packard Manufacturing Corp., recuperating from a recent illness in Miami, writes he is coming along fine . . . Dave Margolin and Leo Knebel, Manhattan Phonograph Co., distributors for the Aireon phono here, settling down to some real order taking, now that the excitement of his showing is over . . . Harold Lieberman, Acme Novelty Co., Minneapolis, Minn. in New York City on his way home from a three week vacation in Miami . . . Charlie Polgaar, Tri State Sales, of this city and Newark, N. J., writes Bill Blumenthal, his New York office manager, that he is having a most marvelous time fishing off the shores of Florida. Warren Ryan, manager of the Newark office reads the letter and comments "Write him a note, Bill, and ask him to catch a few Bally 1-balls and some 'Surf Queens' for us here".

Charlie Wertheimer and Mike Bond, Boston coinmen, bring their wives into the city for a short visit . . . Jake Friedman, Mills' distributor in Atlanta, Ga. in the city. Friedman is doing a big job distributing records in his territory . . . Charlie Steinberg, Mayfair Music Co., owner of the Topps restaurant here, opens another restaurant on W. 51st St., and calls it the St. Claire . . . Sal Trella, Elkay Music Co., takes his wife and heads for Miami . . . Jimmie Sherry, Muse Music Co., would have liked to go to Miami, but couldn't make it, so he sent his wife and family . . . Newark, N. J. headquarters for the Rock-Ola phono, East Coast Sales, under the management of Irv Orenstein and Dave Engels, is rushed to death taking care of the operators . . . Art Nyberg, Bally regional sales manager from Baltimore, Md. spends some time in the city . . . Sammy Stern, Scott-Crosse Co., Philadelphia, Pa., in Chicago visiting the Rock-Ola factory . . . Dave Rosen, AMI distrib in Philadelphia, Pa., drives into Newark to see Barney (Shugy) Sugerman.

Mike Munves, with his many interests today, becomes more busy now that demand for arcade equipment grows heavier . . . Hirsh De la Viez, Hirsh Coin Machine Co., Washington, D. C. gets loads of inquiries from distributors throughout the country, who are interested in tying up a territory for his new game "Red Ball" . . . Charlie Aronson and Bill Alberg, Brooklyn Amusement Machine Co., Brooklyn, N. Y. return from a visit to Chicago, and will soon be ready to make an important announcement . . . Dave Engels of Hercules Sales, Newark, N. J., returns from a buying trip, but by the time he gets back to his office, the equipment is all sold. Dave is now on his way to Indiana to buy more machines . . . Irv Morris and Joe Ash, Active Amusement Machines Co., Newark, N. J. and Phila. return from a visit to Chicago, where they saw the manufacturers.

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Bill Wolf, M. S. Wolf Distributing Co., is a very busy man these days getting his display rooms ready for the big showing of the new AMI Phonograph. Bill promises the boys one of the biggest, swellest parties ever held. "Just wait until they see the new AMI phono," says Bill. "It has everything the boys have been waiting for." The premiere showing is set for March 27th and 28th at his showrooms at 1348 Venice Blvd. in Los Angeles, with others scheduled for San Diego, San Francisco, Portland and Seattle.

Jack Gutshall reports that the orders are pouring in for the new Aireon phono. Jack, who is national distributor for some of the nation's outstanding record hits, says that he plans on an announcement soon of several outstanding recordings. Jack says he handles nothing but proven hits.

C. A. Robinson, one of the best known of the distribs in this part of the country, celebrates his 19th year in the coin biz. Congrats, Charlie. Here's hoping there'll be many, many more . . . Add one to Jimmie Rutter's family. The new addition is a little lass named Sandra Jean . . . Bud Parr's report after ops viewed the new Solotone non-selective music box is: "Nothing short of sensational, with orders pouring in from all over the country."

Frank Navarro, Navarro Distributing Company, handling the new Aireon in Southern Cal. and Mexico, is visiting his offices south of the border and is due back in town in about ten days . . . Two new service men working for Paul Laymon are Orville Sorenson and Ben Shupp . . . Elky Ray, Gold Coast Coin Machine Exchange, sweating out the hope that his new building on Pico Blvd. will be ready for occupancy within the next 45 days.

William "Bill" Happel, Jr., Badger Sales, happy over the response of music ops to the new Rock-Ola. Practically every op who came in to see it left an order, Bill reports. "Oh for that new building to be finished soon," he sighs . . . Ops seen strolling along coin row the past week included: M. C. Stewart, Big Bear; Ivan Wilcox, Visalia; Guy Evans and Ray Garrison, Phoenix; Charles Bonney, Flagstaff; Stanley Tracy, Kingman, George Young, Selma; T. B. Rogers, Temple City; L. A. Barnes, John Keterside, Homer Gillespie and George Landier, all of Long Beach; Jack Arnold, Barstow; W. K. Vollmer, El Centro; and Jack Mehegan, Modesto.

Len Kelly, K & M Distributors, handling Memo, Sunshine and Atomic record labels, is now on his way to New York and setting an all-time sales record en route. Fred Myers, covering the midwest, reports a swell reception for the firm's platters all along the way. This is keeping H. A. Lucas very busy filling the orders the boys are sending in . . . Quality Pictures going into production shortly to produce a new series of 16 MM shorts for Panorams, accord-

ing to W. Merle Connell, production manager. He says the new series will be, "Tremendous."

Len Micon, Pacific Coast Distributors, wants all ops to stop in and see the new Packard speaker. "It's a honey," says Len . . . Frank Berger, Berger Enterprises is bed ridden again. He may need a serious operation. Frank, one of the best liked employers in the business, has all his employees and friends rooting for him. Howard Utter, general manager, is looking after things very capably.

Oh where, oh where has Leo Mesner of Aladdin Records gone? He must have rubbed that Aladdin lamp and disappeared. Lucky for Leo he has a very capable secretary in Helen Brahinsky . . . Ed Urban, Urban Records, is going after business with a bang. Ed has just announced a new low price for his very swell records, and this should bring his platters into even greater demand . . . Sam Ricklin, California Music, has been very busy these past few weeks explaining to the many music ops who have called on him for info on his 70-30 operating percentage . . . Fred Gaunt, General Music, talking things over with a number of new ops in the field. Fred can always be counted on to give the new lads in the coin biz a helpful word.

Al Sleight, the Bally representative, says that the demand for Bally games is nothing short of phenomenal, with the current demand for the new Surf Queens growing right along . . . John Rough of Phonofilm productions was one of the first and original coin machine film men in the biz. John presented one of the first 16MM films ever produced for panoramas to the Mills firm in Chicago. John has a very extensive library and is now distributing Phonofilm as well as Quality Picture Films . . . Otis Rene, Excelsior Records, reports that his firm has just completed waxing several new platters for phono ops. Otis says that his policy is and always will be, "Excelsior will put two hits on every record."

Aubrey Stemler, organizing director of the Music Operators Association of Southern California, has done a bang up job of getting ops into the association . . . Ray Powers, E. T. Mape Music Company, has us in quite a dither waiting for the expected announcement. We'll hold out as long as you do, Ray . . . Chuck Hastings, Spotlight Records, is reorganizing his firm and expects to turn out some top recordings for music ops at an attractive price

. . . Williams Distributing Company, located in the heart of coin row, completed decorating and furnishing their offices and showrooms. It would do Harry's heart good if he were to run down here from Chicago and view the swell job his father has done.

A late tip: Paul Bleck, AMI factory representative, and the well-known Jim Mangan, of Mangan and Eckland, will attend Bill Wolf's premiere showing and blowout when the new AMI is unveiled.

the first time in the history of the world, the
whole of the human race has been gathered
together in one place, and that is the
present meeting of the General Assembly.
The General Assembly is the highest organ
of the League of Nations, and it is composed
of all the member states of the League. It is
the duty of the General Assembly to consider
and decide upon all important questions
of international law and order. It is also
the duty of the General Assembly to
recommend to the member states of the
League any measures which may be
necessary for the maintenance of
international peace and security. The
General Assembly is the most important
body in the League of Nations, and it is
the body which has the power to
make decisions which affect the
whole of the human race. The
General Assembly is the body which
has the power to make decisions
which affect the whole of the
human race. The General Assembly
is the body which has the power
to make decisions which affect
the whole of the human race.

THRU THE COIN CHUTE

MINNEAPOLIS

Tony Trucano of Deadwood, S. D., flew into Minneapolis to visit some of the distributors and had a little difficulty in getting plane reservations to go back; however, he made it . . . John Manolis and his new son-in-law were in town for several days visiting some of the distribs in the Twin Cities . . . Jonas Bessler of the Hy-G Amusement Co. spent several days at home with a bad cold. He's feeling better now and back on the job again.

J. Smith, known to the trade as "Smitty," was seen in Minneapolis recently. Smitty, former ace mechanic for the Mayflower Distributing Co., is now residing in Aberdeen, S. D. Mrs. Smith accompanied him on the Minneapolis trip . . . Mr. and Mrs. Shea of Wessington, S. D., stopped in Minneapolis to visit some of the distribs. They recently returned from a month-long vacation in Texas . . . Al Scheiner, one of our Minneapolis ops, has returned after vacationing at Grand Rapids, Mich., and Chicago . . . Doug Widstrom, top mechanic for Leo Bearth before the war, is now back on the job again. Doug spent three and a half years in the Army . . . Archie LaBeau, of LaBeau Novelty Company, St. Paul, was full of smiles recently. The reaction of ops after seeing his new Rock-Ola was terrific.

Silent Sales Company is anticipating the new model of the Mills phono to arrive in the latter part of this month . . . Bill Hunter, successful op of Wheaton, Minn., has bought himself another two-seater airplane. He loves flying and it's getting to be more than just a hobby with Bill . . . Harry Harrison of Brainard is getting his fishing reel and lines oiled up and put in order—says it won't be long now . . . Bob Aherin is back in the music business again after being out of it for just a few months . . . I. F. LaFleur and his son, I. F. LaFleur, Jr., were seen in the Twin Cities recently. Junior has been out of the Army for two weeks and is making the rounds with his Dad, getting acquainted with the distribs. Senior's headaches will be over as Junior intends to handle most of the business.

Harry Greenstein of the Hy-G Amusement Company and Dave Gottlieb, Chicago, are both in Miami and seeing a lot of each other . . . Dave Ziskin, of Silent Sales Company, is smiling big smiles these days. He's the father of a new bouncing baby girl . . . Herman Paster is back on the job after a Miami vacation. He looks fit as a fiddle and very tan too . . . Van Middlemas of the Van Specialty Company decided to retire and his entire business is being taken care of by Bob Westrum, Van's son-in-law. Robert More of Willmar, Minn., is opening a new record store. He says the town needs one badly . . . Fred Gates, owner and operator of the Playland Arcade here, is expanding his business, anticipating the grand opening of an electrical appliance and phono record store . . . R. A. Smith, of Little Falls, Minn., looking really fit after a vacation trip with wife through Florida and Louisiana. Next month he goes to West Virginia for the Apple Festival.

Ted Bush, of Bush Distributing Company, is out-of-town on vacation. Mrs. Bush is with Ted at Hot Springs . . . Kenny Willis just back from a trip into

Eau Claire, Wis. He's now preparing for another trip to Milwaukee . . . Harold Harder and Oscar Trupmen, both with Bush Distributing Company, are showing the Aireon phono at Green Bay, Wis., this week . . . Lowrie Nelson, of St. Cloud, Minn., is back in business . . . Jess Waddell is busier than a bumble bee. Claims business is bubbling over around Charles City, Iowa.

H O U S T O N

The new Rock-Ola Phonograph was put on display March 13th, at Southern Distributing Co. Announced price was \$595. Orders aplenty and then some were recorded. Southern Distributing has nearly completed an extensive program and have dressed up the place with brand new furniture to sorta go along with the new machines . . . Star Record Stores, a long established outfit in Texas, just opened a store on Leeland Avenue. Being as they have two stores in San Antonio already, we predict they will raise the ante to anyhow three in Houston shortly . . . Another record market place opened not too long ago, North Main Record Shop, top man being E. F. Rusk, a local music operator . . . Standard Music Distributors recently added several record lines, including Exclusive, Excelsior, Giltedge, Modern, G & G, and Rhythm.

Tom Williams and George Prock, share and share alike holders in General Music Distributors, spent several days in Chicago looking over new stuff and planning on some new lines for Texas ops. Tom didn't bring any stuff back with him, coin machine stuff, that is, probably on account of transportation being what she is today. Two trains broke down under Tom on his way up, and a third had to be towed past the outskirts of the Windy City . . . Mrs. Buna Barron, attractive secretary at Commercial Music, all a-twitter because her husband is soon due home from the Army and all a-worry because she can't find an apartment . . . Wink Williams passing out the cigars. Yep, it's a boy, a bouncing eight pounds and four ouncer and getting along splendidly as is his mother . . . Early in March, H. A. Franz took on the job of assistant manager at Houston branch of S. H. Lynch & Co. . . . C. M. Robertson right proud of the new abode for his Automatic Music Co. \$20,000 plus remodeling it set him back, and that's a few nickels to get thru a coin chute.

Some foreigner from Dallas or Fort Worth or maybe it was San Antonio once said it did beat all how the coin machine business locations were scattered all over Houston. Seems now as if Leeland Avenue bids fair to become what some towns refer to as "coin machine row." Three distributing firms, two major operating firms and two record stores are now bunched within a ten block area on Leeland . . . Names don't run at all true to form amongst local coinmen hereabouts. For instance Williams and not Smith or Jones is the most common name. Fact is we do not know of a single Jones in the business and only one Smith. On the other hand, we have J. W. (Wink) Williams, Tom Williams, R. B. Williams, John E. Williams, and an operator Williams whose initials slip our mind, all well known coinmen and not related.

Swing Free Mechanism

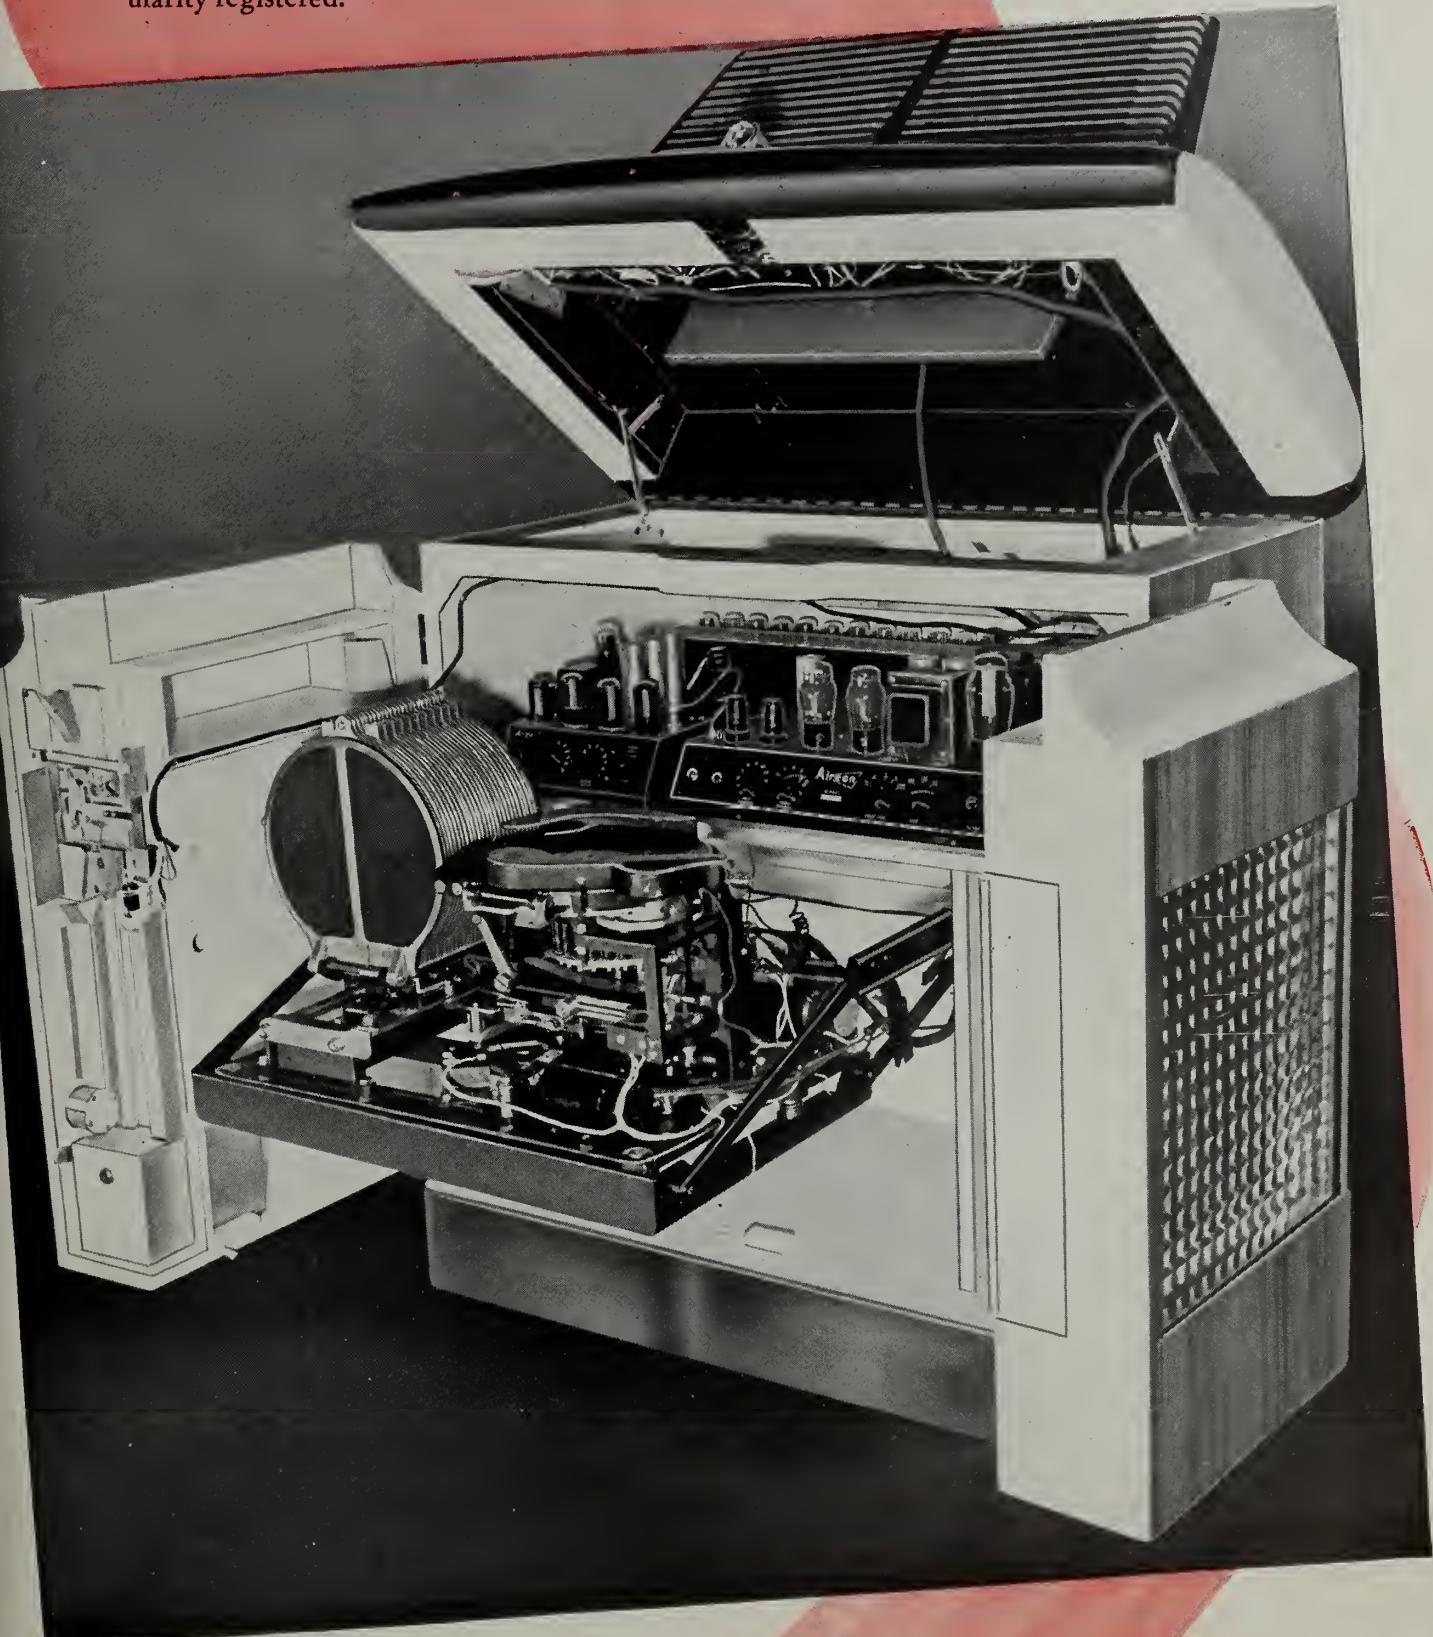

Has TWICE the "Service-ability" with HALF the Usual Moving Parts

Aireon's faster, easier servicing and freedom from breakdowns mean as much to profitable music operation as the brilliant lighting and tone quality which bring in the cash.

There has never, in the history of automatic music, been a phonograph designed and built which is as quick and easy to service as Aireon. Open the doors, swing up and out the "swing-free" mechanism—and everything is right at hand. Record rack can be cleared and refilled in a few seconds, all money from the machine and wallboxes is totalled, individual record popularity registered.

Aireon eliminates 90% of costly breakdown trouble. There are no fibre gears, star wheel, record discs, universal joints or record trays—in fact, only half the usual moving parts.

A feather-light magnesium tone arm which saves record wear, a smooth-acting brand new record changing method which eliminates sagging record trays and record grabbing, a pick-up cartridge which can be changed without soldering or wires—all these mean more plays per record, less service time per phonograph, *more profits for music operators.*
